NATIONAL COALITION FOR ADULT IMMUNIZATION

The **National Coalition for Adult Immunization (NCAI)** is a network of more than 100 organizations, including medical associations, voluntary organizations, advocacy groups, vaccine manufacturers, and government health agencies. The Coalition was formed to make the most efficient use of public and private resources to achieve *Healthy People* national goals in adolescent and adult immunization, and is dedicated to promoting adolescent and adult immunization. The goal of NCAI is to raise immunization levels for high-risk and other adolescent and adult target groups by increasing awareness about the need for and benefits of immunization, and by changing beliefs, awareness, attitudes, and behavior on the part of physicians, other health care providers, and the general public. The primary target diseases for which safe and effective vaccines are available are diphtheria, hepatitis A and B, influenza, measles, mumps, pneumococcal disease, rubella, tetanus, and varicella.

NCAI MEMBER ORGANIZATIONS

American Academy of Otolaryngology--Head and Neck Surgery	Food and Drug Administration/HHS
American Academy of Pediatrics	The Gerontological Society of America
American Academy of Physician Assistants	Harvard Pilgrim Health Care
American Association for World Health	Health Care Financing Administration
American Association of Health Plans	Health Resources and Services Administration/HHS
American Association of Occupational Health Nurses	Hepatitis B Foundation
American Association of Retired Persons	Hepatitis Foundation International
American College Health Association	Immunization Action Coalition/Hepatitis B Coalition
American College of Obstetricians and Gynecologists	Indian Health Service/HHS
American College of Occupational and Environmental Medicine	Infectious Diseases Society of America
American College of Physicians	Institute for Advanced Studies in Immunology and Aging
American College of Preventive Medicine	International Society for Vaccines
American Dental Association	March of Dimes Birth Defects Foundation
American Diabetes Association	Merck & Co., Inc.
American Geriatrics Society	National AIDS Fund
American Group Practice Association	National Association of Community Health Centers, Inc.
American Health Care Association	National Association of County and City Health Officials
American Health Quality Association	National Association for Home Care
American Hospital Association	National Association of People with AIDS
American Indian Health Care Association	National Association of School Nurses, Inc.
American Liver Foundation	National Coalition of Hispanic Health and Human Services Organizations (COSSMHO)
American Lung Association	National Community Pharmacists Association
American Medical Association	National Council of La Raza
American Medical Directors Association	National Council of Senior Citizens
American Nurses Association	The National Council on the Aging, Inc.
American Pharmaceutical Association	National Education Association/Health Information Network
American Podiatric Medical Association	National Foundation for Infectious Diseases
American Public Health Association	National Hispanic Council on Aging
American Social Health Association	National Institute of Allergy and Infectious Diseases
American Society for Microbiology	National Institute on Aging
American Society of Health-System Pharmacists	National Lesbian and Gay Health Association
American Society of Internal Medicine	National Medical Association
Association for Professionals in Infection Control and Epidemiology, Inc.	National Rural Health Association
Association of Public Health Laboratories	National Vaccine Program Office/HHS
Association of Schools of Allied Health Professions	Office of Disease Prevention and Health Promotion/HHS
Association of Schools of Public Health	Parke-Davis Division of Warner-Lambert Company
Association of State and Territorial Health Officials	Partnership for Prevention
Association of Teachers of Preventive Medicine	Pasteur Mérieux Connaught
Aviron	Pharmaceutical Research and Manufacturers of America
Biotechnology Industry Organization	Phi Delta Chi Pharmacy Fraternity

ABOUT THE RESOURCE GUIDE FOR ADULT AND ADOLESCENT IMMUNIZATION

The National Coalition for Adult Immunization (NCAI) is pleased to present the fourth edition of the *Resource Guide for Adult and Adolescent Immunization*. This Resource Guide is a non-exhaustive list of materials that addresses the broad issues of adult and adolescent immunization as well as the 10 major vaccine-preventable diseases. NCAI's members and state and local health departments contributed much of the resource information.

NCAI does not necessarily endorse the materials contained in the Resource Guide nor do we ensure their availability. We encourage readers to screen the materials for accuracy and appropriateness. Also, NCAI does not serve as a clearinghouse. Please use the ordering information following each entry to obtain materials.

The *Resource Guide for Adult and Adolescent Immunization* will be published annually. For more information, contact Amy G. Gribble, MPH, Project Assistant, NCAI, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com.

If you are interested in contributing to the next edition of the Resource Guide or would like to request an additional copy, please contact Amy G. Gribble, Project Assistant, NCAI.

GENERAL ADULT IMMUNIZATION RESOURCES

BOOKS

The American Geriatrics Society's Complete Guide to Aging & Health, *The American Geriatrics Society, April 1995*. The *American Geriatrics Society's Complete Guide to Aging & Health* is a practical resource that covers a broad array of health care topics relevant to older adults and their caregivers. This reference makes the expanding body of medical knowledge about aging and its unique clinical challenges accessible to the public for the first time in a comprehensive, user-friendly format. Topics include the normal aging process, preventive care, health care decision making, and health-related conditions of aging including symptoms, causes and treatment or management.

Ordering Information: The American Geriatrics Society, P.O. Box 508, Vineland, NJ 08360-0508, (800) 677-9944. Cost: \$26.00 plus \$5.70 for shipping and handling.

Clinician's Handbook of Preventive Services, *Office of Disease Prevention and Health Promotion/HHS, 1997*.

This user-friendly manual contains two sections, children/adolescents and adults/older adults. Each section includes multiple chapters on screening tests, immunizations/prophylaxis, and counseling. Each of the 60 chapters includes basic steps of performing the service, along with a description of the burden of suffering from the target condition, the recommendations of major authorities and listings of patient and provider resources. This manual is designed for use by both practicing clinicians and students of preventive health.

Ordering Information: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954, fax (202) 512-2250. Use order code #017-001-00496-1. Cost: \$21.00.

Epidemiology and Prevention of Vaccine-Preventable Diseases, *National Immunization Program, Centers for Disease Control and Prevention, 4th Edition, September 1997*.

This 300-page book with appendices is designed to support the National Immunization Program's land and satellite training program, *Epidemiology and Prevention of Vaccine-Preventable Diseases*. The book condenses a large amount of disease and vaccine information into an easily readable form so that it can be used as a quick reference in busy clinics and offices.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5458. Single copies only. Cost: Free.

Guide for Adult Immunization, *American College of Physicians and the Infectious Diseases Society of America, 1994*.

Developed by the American College of Physicians' Task Force on Adult Immunization, this patient-oriented guide focuses on the role such factors as age, occupation, lifestyle, environment, and compromised hosts play in determining immunization needs. Discussions of efficacy, administration, adverse reactions, precautions, and unresolved issues for specific vaccines are included.

Ordering Information: American College of Physicians, (800) 523-1546, ext. 2600. Cost: Members: \$18.00 plus shipping and handling. Non-members: \$24.00 plus shipping and handling.

Handbook of Infection Control, *Association for Professionals in Infection Control and Epidemiology, Inc., 1999.*

A pocket-size, quick reference for infection control professionals, nursing staff, physicians, administrators, health care students, and other ancillary health care providers. The emphasis is on providing practical up-to-date information relating to infection control issues commonly facing health care workers. Contents include immunization recommendations for health care workers, children, and the general adult public.

Ordering Information: Association for Professionals in Infection Control and Epidemiology, Inc., 1016 16th Street, NW, 6th Floor, Washington, DC 20036, (202) 296-2742, fax (202) 296-5645, e-mail: apicinfo@apic.org. Cost: Members: \$18.50. Non-members: \$20.50. For 100-499 copies, \$16.40 each; 500 or more copies, \$12.30 each.

Immunization Delivery: A Complete Guide, *John D. Grabenstein, Facts & Comparisons, 1997.*

This 184-page detailed how-to book on operating an immunization program includes chapters on diseases, vaccinology, decision making, special situations, administration, documentation, reimbursement, legal and liability issues, professional roles, and other topics.

Ordering Information: Facts & Comparisons, Inc., 111 West Port Plaza, Suite 400, St. Louis, MO 63146-3098, (314) 216-2100, fax (314) 878-5563. Cost: \$25.00.

ImmunoFacts: Vaccines & Immunologic Drugs, *Facts & Comparisons, Updated Quarterly.*

Immunofacts: Vaccines & Immunologic Drugs is a comprehensive reference book of dosing, packaging, use of vaccines, antibodies, skin tests, and all other immunologic drugs licensed in North America. Updated quarterly with 12 percent new or revised copy, the book now exceeds 1,000 pages. A wide variety of resources are included, such as detailed international and investigational product information, immunologic drug interactions, advocacy materials, and dozens of comparative tables.

Ordering Information: Facts & Comparisons, Inc., 111 West Port Plaza, Suite 300, St. Louis, MO 63146-3098, (800) 223-0554, fax (314) 878-5563, email: service@fandc.com. Cost: \$130.00 (includes free quarterly newsletter *Booster Shots*) and one year of quarterly updates.

Modern Vaccinology, *Edouard Kurstak, 1994.*

This important volume incorporates the latest international findings on new vaccine research, development and potency trials based on viral, bacterial or other vectors modified with genetic engineering technology. *Modern Vaccinology* is a highly useful tool for all public health professionals involved in the global control of infectious diseases at research and application levels.

Ordering Information: Plenum Publishing Corporation, 233 Spring Street, New York, NY 10013-1578, fax (800) 221-9369. Cost: \$79.50.

New Generation Vaccines: The Role of Basic Immunology, *Gregory Gregoriadis, Brenda McCormack, Anthony C. Allison, and George Poste, 1993.*

New Generation Vaccines discusses contemporary basic research in immunology at the molecular and cellular levels as applied to the development of a new generation of vaccines and immunological adjuvants. A significant feature of the book is its unique combination of basic information on immunological theory and its application to new-generation vaccine development.

Ordering Information: Plenum Publishing Corporation, 233 Spring Street, New York, NY 10013-1578, fax (800) 221-9369. Cost: \$75.00.

Pocket Immunofacts, *Facts and Comparisons*, December 1997.

Pocket Immunofacts provides you with quick access to vaccine information in a concise, easy-to-carry format. Perfect for making rounds, consulting, or on the go. An abbreviated and abridged version *Immunofacts*.

Ordering Information: Facts & Comparisons, Inc., 111 West Port Plaza, Suite 300, St. Louis, MO 63146-3098, (800) 223-0554, fax (314) 878-5563, email: service@fandc.com. Cost: \$32.95.

Vaccines and World Health: Science, Policy, and Practice, *Paul F. Bosch*, 1994.

Vaccines and World Health: Science, Policy, and Practice provides a basic overview of the challenges and obstacles to vaccine development and application to a potentially broad audience. Researchers can benefit from this book as they get a better appreciation of the problems faced in field delivery.

Ordering Information: Oxford University Press, (800) 451-7556. Use order code ISBN 508532-9. Cost: \$49.95 plus \$3.50 for shipping and handling for first book and \$1.50 for each additional book.

Vaccine Design: The Subunit and Adjuvant Approach, *Michael F. Powell and Mark J. Newman*, 1995.

Vaccine Design includes the most extensive collection of vaccine technologies ever offered in a single volume. Extensively cross-referenced chapters describe immunological, formulation, public health, safety, regulatory, and clinical considerations relevant to the design and development of subunit vaccines.

Ordering Information: Plenum Publishing Corporation, 233 Spring Street, New York, NY 10013-1578, fax (800) 221-9369. Cost: \$145.00.

BROCHURES AND PAMPHLETS**Adult Health Care Guide, *American Academy of Family Physicians*, May 1993.**

The *Adult Health Care Guide*, which is part of the material found in the *Put Prevention Into Family Practice* kit, is available through the American Academy of Family Physicians. This 30 plus-page booklet is designed as a reminder as well as documentation for patients who want to keep a record of immunizations for themselves. These patient-held records are unique in providing a take-along record of all preventive services should they change doctors or need quick reference.

Ordering Information: American Academy of Family Physicians, Order Department, (800) 944-0000. Use order code #1958 for single copies, #1959 for 10 copies, and #1960 for 100 copies. Cost: Members: single copies, \$1.25 plus \$4.00 shipping and handling; 10 copies, \$12.00 plus \$4.00 shipping and handling; and 100 copies, \$110.00 plus \$6.00 shipping and handling. Non-members: single copies, \$1.75 plus \$4.00 shipping and handling; 10 copies, \$17.00 plus \$4.00 shipping and handling; and 100 copies, \$150.00 plus \$6.00 shipping and handling.

Adult Immunizations: Your Best Shot at Good Health, *Washington State Department of Health*, February 1999.

This attractive, two-color brochure educates adults on the need for protection against vaccine-preventable diseases, discusses the adult recommended schedule, and broaches the subjects of side effects and cost. Don't miss out on the companion poster!

Ordering Information: Washington State Department of Health Vaccine Distribution Center, 7745-C Arab Road, Tumwater, WA 98504-7845, (360) 664-8797, fax (360) 664-2929. Use order code 348-063. Limited quantities available. Cost: Free.

Adults and Shots–You Never Outgrow The Need To Be Immunized, *Channing L. Bete Company, Inc., August 1998.*

This eight-page booklet summarizes key, motivational facts about the importance of adult immunizations. Discusses the increased severity for adults of childhood diseases, who is at special risk of infection, and where to get vaccinated. Includes a chart for recording immunizations and the dates they were received.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 74277.
Cost: Inquire when ordering.

Adults: Protect Yourself - Shots Are Not Just for Kids, *Iowa Department of Public Health, November 1995.*

This brochure educates adults on nine vaccine-preventable diseases, includes an immunization schedule and gives suggestions on what might be needed for foreign travel.

Ordering Information: Health Protection Clearinghouse, 600 3rd Street, SE, Cedar Rapids, IA 52401, (888) 398-9696, fax (319) 398-0265. Cost: Free.

Age Pages, *National Institute on Aging, 1994.*

The National Institute on Aging offers *Age Pages* for the general public on flu, pneumonia and immunizations for adults.

Ordering Information: National Institute on Aging, Information Center, (800) 222-2225. Cost: Free.

Are You Fully Protected, *New Jersey Department of Health and Senior Services, March 1996.*

This informative brochure outlines the various common vaccine-preventable diseases to which adults may be susceptible, vaccines available to prevent diseases, and the various side effects.

Ordering Information: New Jersey Department of Health and Senior Services, Immunization Program, P.O. Box 369, Trenton, NJ 08625-0369, (609) 588-7512, fax (609) 588-7431. Limited quantities available. Cost: Free.

Childhood and Adult Immunizations, *Hope Publications, December 1995.*

This brochure contains information for international travelers and gives the basics on vaccine-preventable diseases. It also lists shots needed for adults and teens and where to obtain immunizations.

Ordering Information: Hope Publications, (800) 334-4094, ext. 1014. Use order code Item #175.
Cost: Inquire when ordering.

For Adults Only, *Texas Department of Health, April 1995.*

For Adults Only is an easy-to-read pamphlet promoting adult immunization. It is designed for the general public and lists recommendations for adult immunization.

Ordering Information: Texas Department of Health, Immunization Division, (512) 458-7284 or in Texas only (800) 252-9152. Single copies only. Cost: Free.

Immunization Checklist for Adults, *State of Wisconsin Department of Health and Social Services, June 1991.*

This brochure encourages you to check your immunizations and discuss your immunization history with your doctor or public health agency. It also gives a brief description of vaccine-preventable diseases.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, fax (608) 267-9493. Single copies only.
Cost: Free.

Immunization of Adults: A Call to Action, *National Immunization Program, Centers for Disease Control and Prevention, 1997.*

This booklet provides information about vaccine-preventable diseases including symptoms, risk, transmission, and prevention. It also answers basic questions about vaccinations and side effects. Individuals traveling abroad are encouraged to check immunization requirements. A personal immunization record is included.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6458. Limited quantities available. Cost: Free.

"Immunization...not just kids' stuff", *Immunization Action Coalition/Hepatitis B Coalition, February 1997.*

This adult immunization brochure, adapted from the State of New York Department of Health, addresses each of the vaccine-preventable diseases. It contains the same artwork as the "Immunization...not just kids' stuff" poster. Also available in Chinese and Spanish. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4035. Cost: Single copies free.

Immunizations for Women, *American College of Obstetricians and Gynecologists, November 1997.*

This easy-to-read pamphlet discusses the diseases that are easily prevented with immunizations. It tells which immunizations are recommended for women of all ages.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, P.O. Box 96920, Washington, DC 20090-6920, (202) 863-2518, fax (202) 484-1595. Use order code AP117. For multiple copies contact ACOG Distribution Center, P.O. Box 4500 Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Immunizations: They're Not Just for Children, *American College Health Association, 1995.*

This brochure gives the facts about immunization and is an excellent brochure for new student packets. It features an easy-reference chart detailing who should be immunized and when.

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500. Use order code HS32. Cost: Inquire when ordering.

Las Vacunas: Información importante para su familia, *National Council of La Raza, 1995.*

This colorful, low-literacy level brochure explains the nature of vaccine-preventable diseases and provides the recommended vaccination schedules for infants, children, and adults. Available in Spanish only.

Ordering Information: National Council of La Raza, Maternal and Child Health Programs, (202) 785-1670. Single copies only while supplies last. Cost: Free.

Minnesota's College Immunization Law, *Minnesota Department of Health, October 1996.*

This tri-fold pamphlet explains the requirements of Minnesota's college immunization law and gives general information about these shots and others needed by adults.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Older Adults Need Shots, *Channing L. Bete Co., Inc., May 1996.*

This booklet helps older adults with limited reading skills understand why it is important to receive influenza and pneumonia shots. It highlights the special risks these illnesses present to older people and explains how shots offer protection. It also tells when to get shots, where they are available, and more.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T44883A. Cost: Inquire when ordering.

Protect for a lifetime...Immunize, *State of Wisconsin Department of Health and Social Services, February 1994.*

This colorful brochure discusses vaccine-preventable diseases, immunization records, and the Wisconsin immunization law.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Protecting Your Investment: The Business Community's Role in Reaching National Immunization Goals, *Partnership for Prevention, October 1997.*

This eight-page brochure summarizes the many reasons why employers have a vital stake in reaching national immunization goals. Further, it outlines ways in which employers can, and should make immunizations an integral part of efforts to build healthy workforces in healthy communities.

Ordering Information: Partnership for Prevention, 1233 20th Street, NW, Suite 200, Washington, DC 20036, (202) 833-0009, fax (202) 833-0113, e-mail: sknab@prevent.org. Cost: \$5.00.

Preventing Rabies, *Chiron, 1998.*

This patient education brochure describes rabies, the animals which can spread rabies, and how it can be prevented. It is written for lay people. Available in English and Spanish.

Ordering Information: Chiron Vaccines Marketing, 4560 Horton Street, U500, Emeryville, CA 94608-2916, (510) 923-3325, fax (510) 923-4882. Use order code Patient Education Brochure: Preventing Rabies. Cost: Free. Please order in increments of 100.

Put Prevention into Practice, *Office of Disease Prevention and Health Promotion/HHS, 1994.*

This 32-page, pocket-sized booklet offers a brief explanation of prevention topics and risk factors, such as weight, blood pressure, immunizations, physical activity, and family planning. It enables the consumer to participate actively in preventive care. Easy-to-use record forms in each booklet serve as prompts for consumers to receive needed preventive care.

Ordering Information: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954, fax (202) 512-2250. Use order code #017-001-00494-4 for order of 25. Cost: Single copies, \$1.00; 25 copies, \$19.00; orders of 100 copies are discounted 25%.

"Shots" for Adults—Are Yours Up-To-Date?, *Channing L. Bete Company, Inc., August 1998.*

This 16 page booklet points out that some diseases are more dangerous in adults than children, and explains the importance of keeping previous immunizations up-to-date.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 73303. Cost: Inquire when ordering.

Six Common Misconceptions about Vaccination -- And How to Respond to Them, *National Immunization Program, Centers for Disease Control and Prevention, January 1996.*

The purpose of this pamphlet is to address six common misconceptions about vaccinations and to provide accurate information enabling vaccine recipients to make an informed decision.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6561. Limited quantities available. Cost: Free.

Staying Healthy - For Women of All Ages, *American College of Obstetricians and Gynecologists, October 1994.*

This 32-page consumer booklet encourages preventive health care and includes tables that indicate which immunizations are standard for each age group. Also available in Spanish.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Send request with a business size, self-addressed, stamped envelope. Use order code AB006 for English and SB006 for Spanish. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Understanding Vaccines, *Office of Communications, National Institute of Allergy and Infectious Diseases, 1998.*

This brochure is a short, non-technical review of how vaccines protect against disease, and how they are developed, tested, and licensed. It also includes a brief glimpse into the future of immunization, with descriptions of novel vaccine strategies, such as edible vaccines contained in potatoes, bananas, and other common foods. Available in March 1998.

Ordering Information: NIAID Office of Communications/Vaccine, Building 31, Room 7A50, 31 Center Drive, MSC 2520, Bethesda, MD 20892-2520. Limited quantities available. Cost: Free.

Universal Precautions–What Employees Need To Know, *Channing L. Bete Company, Inc., March 1998.*

This 16 page booklet helps readers quickly learn the importance of universal precautions, and how to put them into action. In addition, it teaches them how infectious diseases and viruses spread, and the steps to take to protect themselves. Includes a quiz.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 72812.
Cost: Inquire when ordering.

Why Adults Need Shots, *Channing L. Bete Co., Inc., July 1996.*

This brochure cites the threats vaccine-preventable diseases pose to adults and motivates them to keep immunizations complete and up to date. Its blend of clear text and friendly graphics makes it easy to read.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T37507A.
Cost: Inquire when ordering.

Word to the Wise: Immunize, *Georgia Immunization Program, September 1998.*

Brochure aimed at the general public contains information on vaccine-preventable diseases and adult immunizations. Also includes a schedule.

Ordering Information: Georgia Immunization Program, 2 Peachtree Street N.W., Room 10-220, Atlanta, GA 30303, (404) 657-3158, fax (404) 657-1463, email: cjq@dhr.state.ga.us. Cost: Single copies free.

FACT SHEETS AND CHARTS

Adult Immunizations, *American Association of Occupational Health Nurses, July 1996.*

This two-page fact sheet discusses the importance of adult immunization, general guidelines, and scheduling for hepatitis A and B, influenza, MMR, pneumococcal, polio, smallpox, Td, and varicella vaccines. It provides general information on vaccine storage, handling and transport. Other resources are listed.

Ordering Information: American Association of Occupational Health Nurses, 2920 Brandywine Road, Suite 100, Atlanta, GA 30341-5539, (770) 455-7757. Contact "Publications." Cost: Members: \$3.00. Non-members: \$5.00.

Adult Immunization Schedule, *National Coalition for Adult Immunization, 1999.*

This chart lists the recommended adult immunizations and timing of immunizations. Camera-ready copy.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

Age Charts for Periodic Health Examination, *American Academy of Family Physicians, 1995.*

These laminated charts list the Academy's immunization recommendations.

Ordering Information: American Academy of Family Physicians, Order Department, (800) 944-0000. Use order code #R972. Cost: Members: \$5.00. Non-members: \$8.00.

Embassy Project, Jean Tsotsonis, 1998.

The *Embassy Project*, copyrighted by Jean Tsotsonis, RN, PHN is a chart that translates the nine required student vaccines into 24 languages. This chart is the only available reference for translating foreign immunization records. There is no need to flip through pages and pages, and translations are done quickly and easily. If you can read a road map, you too can translate 24 languages! The chart is printed on tear-resistant Tyvek paper and dimensions are 30" x 40".

Ordering Information: Jean Tsotsonis, RN, 3 Canton Street, Lowell, MA 01851, (978) 459-6331, email: dsjt@mediaone.net. Cost: \$50.

Fact Sheets on Adult Immunization, National Coalition for Adult Immunization, 1999.

These fact sheets include information on the ten major vaccine-preventable diseases, general adult immunization information in English and Spanish, and general adolescent immunization information. Fact sheets answer questions about the disease, risk, symptoms, and vaccination. The fact sheets are available as a set or for a specific vaccine-preventable disease.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

An Issue Analysis and Proposal for Action on Adult Immunization As a National Preventive Strategy, Partnership for Prevention, 1994.

This series of fact sheets address vaccine-preventable diseases, why adult immunization coverage is so low, risk for vaccine-preventable diseases, protecting those at risk, strategies for improving adult immunization coverage, and public policy recommendations.

Ordering Information: Partnership for Prevention, 1220 19th Street, NW, Suite 405, Washington, DC 20036, (202) 833-0009. Cost: \$5.00 a set.

Recommended Adult Immunization Schedule, Minnesota Department of Health, April 1997.

This schedule, based on recommendations of the Advisory Committee on Immunization Practices and the American College of Physicians, compiles all of the commonly needed vaccines for adults into an easy-to-read format with footnotes that elaborate on the specific recommendations.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single camera-ready copy with reference to "Minnesota Department of Health" changed to "state health department" may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Sample Immunization Charts for Shot Clinics, West Side Clinic, October 1997.

These charts have space to record past doses of vaccines and questions to assess appropriateness of administration. They can be adapted for use in immunization clinics. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (612) 647-9009, fax (612) 647-9131, e-mail: mail@immunize.org. Use order code P3040. Cost: Single copies free.

Shots for Adults with HIV, *Immunization Action Coalition/Hepatitis B Coalition, July 1997.*

This chart lists the recommended immunizations and timing of immunizations for individuals with HIV. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (612) 647-9009, fax (612) 647-9131, e-mail: mail@immunize.org. Use order code P4041. Cost: Single copies free.

Summary of Recommendations for Adult Immunization, *Immunization Action Coalition/Hepatitis B Coalition, October 1998.*

This one-page reference table gives information on appropriate use, scheduling, and contraindications of vaccines for adults. It is suitable for posting in the workplace. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2011. Cost: Single copies free.

Wallchart: Vaccine Management: Recommendations for Handling and Storage of Selected Biologicals, *National Immunization Program, Centers for Disease Control and Prevention, 1996.*

This wallchart provides information on requirements for shipping, storage, reconstitution, and shelf-life of selected biologicals including hepatitis A and B, influenza, pneumococcal, MMR, Td, and varicella vaccines.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6577. Single copies only. Cost: Free.

Working with Hispanic Families on Immunization and Maternal and Child Health: A Guide for Non-Hispanic Health Care Providers, *National Council of La Raza, September 1995.*

This fact sheet includes an overview of the Hispanic population and information on barriers to preventive health care, cultural values, beliefs and practices, and suggestions for reaching Latinos.

Ordering Information: Stephanie Avila or Andrew Levinson, National Council of La Raza, (202) 785-1670, e-mail: savila@nclr.org or alevinso@nclr.org. Single copies only. Cost: Free.

NEWSLETTERS

Booster Shots, *Facts and Comparisons, Quarterly.*

Booster Shots newsletter transmits news to health professionals interested in vaccines, antibodies and other immunologic drugs. Written in abstract format, it is a quick way to stay abreast of all the latest happenings in the field. *Booster Shots* complements a complete reference text, *Immunofacts*.

Ordering Information: Facts & Comparisons, Inc., 111 West Port Plaza, Suite 300, St. Louis, MO 63146-3098, (800) 223-0554, fax (314) 878-5563, email: service@fandc.com. Cost: Free with subscription to *Immunofacts*.

NCAI Infocus, *National Coalition for Adult Immunization, Quarterly.*

This quarterly newsletter features articles about the National Coalition for Adult Immunization (NCAI) and NCAI member activities pertaining to the promotion of adolescent and adult immunization.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com.

Cost: Free.

Needle Tips & the Hepatitis B Coalition News, *Immunization Action Coalition/Hepatitis B Coalition, Bi-annual.*

This semi-yearly publication focuses on hepatitis B and other vaccine-preventable diseases. Regular features include: new vaccine recommendations from the Centers for Disease Control and Prevention and major national medical groups, current vaccine information, such as cost, dosing, and schedules, "Ask the Experts," which provides answers to immunization and hepatitis B questions submitted by readers, "News from Around the Country," which highlights special projects, materials, and new legislation, and camera-ready copies of patient education brochures and provider education pieces.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code N1001. Cost: Free (yearly contribution of \$25.00 is appreciated).

Vaccinate Adults!, *Immunization Action Coalition, Bi-annual.*

Vaccinate Adults! is a twice-a-year publication that contains tools to make the adult primary care provider's job of immunizing their adult patients much easier! Regular features include: the question and answer section, "Ask the Experts," written by CDC staff Dr. Bill Atkinson and Dr. Harold Margolis, patient education materials, charts, tables, a resource directory, and much more.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Cost: Free (yearly contribution is appreciated).

Vaccine Weekly, *CW Henderson, Publisher, Weekly.*

Vaccines are increasingly viewed as the most viable solution to everything from AIDS to birth control to heart disease. *Vaccine Weekly* takes a close look at vaccine-related news and research from around the world. Topics include therapeutic vaccines for AIDS, cancer, and other diseases, efficacy and safety trials, FDA regulations approvals, prevention, and much more. 45 issues.

Ordering Information: CW Henderson, P.O. Box 830409, Birmingham, AL 35283-0409, (800) 633-4931, fax (205) 995-1588. Cost: \$1,359.00 for one year. Sample issue available.

POSTERS

Adult Immunizations: Your Best Shot at Good Health, *Washington State Department of Health, February 1999.*

This great looking, two-color poster uses black/white photographs of adults from a variety of age and ethnic groups to demonstrate the need for all adults to be protected against vaccine-preventable diseases. Be sure to order the companion brochure! Size 16" x 22".

Ordering Information: Washington State Department of Health Vaccine Distribution Center, 7745-C Arab Road, Tumwater, WA 98504-7845, (360) 664-8797, fax (360) 664-2929. Use order code 348-064. Limited quantities available. Cost: Free.

Endangered Species Owl Poster for Adult Immunization, *National Immunization Program, Centers for Disease Control and Prevention, 1994.*

By urging adults not to "become an endangered species," this poster encourages adults to be appropriately vaccinated.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6337. Limited quantities available. Cost: Free.

Got Your Shots?, *Minnesota Department of Health, October 1996.*

This 11" x 30" four-color poster illustrates the need for immunization across the lifespan, from birth through old age, and lists what shots are due at each age. Developed as part of a statewide "Got Your Shots?" media campaign, this poster includes the phone number for the Minnesota Immunization Department.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Immunizations Aren't Just Kids' Stuff, *Oklahoma State Department of Health.*

This packet includes two posters focusing on adult immunization. An adult immunization schedule included.

Ordering Information: Oklahoma State Department of Health, Immunization Division, 1000 NE 10th Street, Room 606, Oklahoma City, OK 73117-1299. Cost: Free while supplies last.

Immunization Is a Family Affair: Adults Need Them Too, *National Immunization Program, Centers for Disease Control and Prevention, 1995.*

This colorful poster shows illustrations of people of various ages engaged in different activities and lists the vaccine-preventable disease that corresponds with the activity.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6520. Limited quantities available. Cost: Free.

"Immunization...not just kids' stuff" poster, *Immunization Action Coalition/Hepatitis B Coalition, February 1997.*

A cartoon doctor gives an adult a shot while a kid stands by and laughs! Artwork courtesy of the State of New York Department of Health.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code Q2020. Cost: Single copies free.

Word to the Wise: Immunize, *Georgia Immunization Program, September 1998.*

Poster promoting adult immunization against all appropriate vaccine-preventable diseases.

Ordering Information: Georgia Immunization Program, 2 Peachtree Street N.W., Room 10-220, Atlanta, GA 30303, (404) 657-3158, fax (404) 657-1463, email: cjq@dhr.state.ga.us. Cost: Single copies free.

REPORTS

Adult Immunization: A Report by the National Vaccine Advisory Committee, *National Immunization Program, Centers for Disease Control and Prevention, January 1994.*

In January 1994, the National Vaccine Advisory Committee (NVAC) adopted the report of its Subcommittee on Adult Immunization. The report describes five major goals for adult immunization in the United States, and lists 18 recommendations and 72 strategies for achieving them.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333, fax (404) 639-8828. Use order code 00-6468. Limited quantities available. Cost: Free.

Complete Set of ACIP's Immunization Recommendations, *National Immunization Program, Centers for Disease Control and Prevention.*

This publication contains a complete set of the recommendations of the Advisory Committee on Immunization Practices.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5405. One shrink-wrapped set only. Cost: Free.

General Recommendations on Immunization, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 43, RR-1, 1994.*

This revision of the *General Recommendations on Immunization* updates the 1989 statement. Updated or new sections include a list of vaccines and other immunobiologics available in the United States, recommended routes for administration of vaccines, a discussion of vaccination during pregnancy, a section on breast-feeding and vaccination, sections on the immunization of hemophiliacs and immunocompromised persons, and guidelines for vaccinating persons without documentation of immunization.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6430. Single copies only. Cost: Free.

Immunization: HHS Could Do More to Increase Vaccination among Older Adults, *United States General Accounting Office, June 1995.*

This report discusses the need for increased government resources to expand the use of adult vaccines as well as some recommendations for the implementation of programs that will lead to increased usage. Programs such as computer-based reminder systems, checklists appended to medical records, practice-based tracking systems, and the issuance of standing orders for vaccination can help to remedy this problem of low-usage rates. The broad-based implementation of a hospital policy to vaccinate eligible high-risk patients before discharge also appears promising.

Ordering Information: U.S. General Accounting Office, P.O. Box 37050, Washington, DC 20013, (202) 512-6000. Use order code GAO/PEMD-95-14. Cost: First copy is free. Additional copies are \$2.00 each.

Immunizations in Children and Adults, *American Academy of Physician Assistants*, May 1994.

The American Academy of Physician Assistants (AAPA) recognizes the importance of child and adult immunization programs and the need to educate individual physician assistants (PA's) and the public about these programs. The AAPA policy makes recommendations related to current medical guidelines, patients in high-risk groups, public information campaigns, PA and PA student immunizations, primary care immunization systems, specialty practice awareness, and immunization coordination to prevent fragmentation of care. An appendix lists sources of information on recommended immunization schedules.

Ordering Information: Ellen Rathfon, Director of Professional Affairs, American Academy of Physician Assistants, 950 N. Washington Street, Alexandria, VA 22314, (703) 836-2272, ext. 3206.
Cost: Free.

Update on Adult Immunization, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report*, Vol. 40, RR-12, 1991.

This statement on adult immunization is a supplement to the General Recommendations on Immunization of the Advisory Committee on Immunization Practices and updates the previous supplement published in September 1984. This statement presents an overview on immunization for adults and makes specific immunization recommendations.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-4704. Single copies only. Cost: Free.

Use of Vaccines and Immune Globulins in Persons with Altered Immunocompetence, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report*, Vol. 42, RR-4, 1993.

This statement summarizes current recommendations by the Advisory Committee on Immunization Practices on the use of active and passive immunization for persons with altered immunocompetence.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6343. Single copies only. Cost: Free.

Update: Vaccine Side Effects, Adverse Reactions, Contraindications, and Precautions, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report*, Vol. 45, RR-12, 1996.

This report provides updated information concerning the potential adverse events associated with vaccination for hepatitis B, poliomyelitis, measles, mumps, diphtheria, tetanus, and pertussis. This information incorporates findings from a series of recent literature reviews, conducted by an expert committee at the Institute of Medicine (IOM). This report contains modifications to the previously published recommendations of the Advisory Committee on Immunization Practices (ACIP) and is based on an ACIP review of the IOM findings and new research on vaccine safety.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6601. Single copies only. Cost: Free.

SLIDE SETS

Faces of Vaccine-Preventable Diseases, *Immunization Action Coalition/Hepatitis B Coalition, September 1996.*

This set of 30 slides shows pictures of people with preventable diseases for which adults and children are now routinely vaccinated. They are suitable for use by public health departments, community outreach workers, nursing schools, and medical teaching programs. There are no copyright laws on these slides. The pictures can be used for brochures, posters, billboards, and videos. A simple script is included to assist with presentations.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code S3010. Cost: \$25.00.

TEACHING MATERIALS

Immunization: You Call the Shots, *Association of Teachers of Preventive Medicine, 1996.*

The first disk carries 4.3 hours of continuing education credit through the American Nurses Association and includes a complete tutorial on immunization recommendations and the entire childhood schedule, information on specific vaccines, interactive scenarios to emphasize age-appropriate vaccine administration, and a resource library. The second disk is a simulation of patient encounters and effective immunization practice to encourage critical thinking and decision making that will lead to optimal immunization coverage in a busy neighborhood clinic.

Ordering Information: HealthSoft, Inc., (800) 235-0882. Cost: Inquire when ordering.

NCPA Immunization Skills Certificate Program, *National Community Pharmacists Association, October 1998.*

This intensive certificate program provides you with all of the information you need to set up one of the most profitable niches in your community pharmacy and to promote your pharmacy as a health and wellness center. This program covers both the clinical and practical aspects of developing a community pharmacy-based immunization program. Participants will receive training that includes injection techniques, emergency protocol, OSHA regulations, record keeping, billing, inventory, and marketing information. You will also take home a clinical training and implementation manual to help you get started.

Ordering Information: National Community Pharmacists Association, 205 Daingerfield Road, Alexandria, VA 22314, (800) 544-7447, fax (703) 683-3619. Cost: Call to inquire.

Teaching Immunization Practices (TIP): A comprehensive curriculum for nurses, *Association of Teachers of Preventive Medicine, 1996.*

TIP is a three-module written curriculum for undergraduate and graduate nursing students and practicing nurses. Module 1, Basic Principles of Immunization, focuses on the basic concepts of immunology, the types and characteristics of immunobiologics, and information about vaccine-preventable diseases. Module 2, Basic Principles of Vaccine Use, addresses routinely recommended and special use vaccines, real and false contraindications, adverse events following vaccination, administration of vaccines, and vaccination use in nursing practice. Module 3, Immunization Practice, Delivery, and Program Design, recognizes, identifies and addresses barriers to vaccination. Included in the set are the three modules detailed above, a users guide, a vaccine-preventable diseases slide set, and transparencies.

Ordering Information: Association of Teachers of Preventive Medicine, (800) 789-6737.
Cost: \$150.00.

TIME Resource, *Association of Teachers of Preventive Medicine, 1996.*

Case-based modules have been successfully field-tested for childhood recommendations, general adult recommendations, Haemophilus influenzae type B, hepatitis B, influenza, measles, and pertussis. The modules focus on vaccine indications and contraindications, immunization schedules, efficient ways to increase vaccination levels, and ways to decrease missed opportunities to vaccinate. The modules provide a comprehensive package of instructional materials that can be easily integrated into existing curriculum.

The CME materials are in a self-study format. Each self-study module includes a review article and problem-oriented case studies. Some of the CME modules will be available on the Internet at <http://www.atpm.org/cme/cme.htm>. Traditional didactic presentation materials and slide sets are also being developed for measles and hepatitis B. Presentation materials for influenza are available for \$40.00 per set.

All materials are being developed through the TIME project, a collaborative initiative of ATPM, the University of Pittsburgh Department of Family Medicine, and the Centers for Disease Control and Prevention.

Ordering Information: Association of Teachers of Preventive Medicine, (800) 789-6737. Cost: Per module in the MCTS series is \$35.00 plus shipping and handling. Inquire about the cost of other materials in the *TIME Resource* series when ordering.

VIDEOTAPES

Adult Immunization: Strategies that Work-Video conference, *Broadcast April 24, 1997, National Immunization Program, Centers for Disease Control and Prevention, April 24, 1997.*

(2.5 hours) This live, interactive satellite video conference for those who immunize and policy makers features successful adult immunization programs from five health care settings: managed care, private practice, hospitals, long-term care, and public health. It also debunks three common myths regarding adult immunization necessity, safety and efficacy, and coverage levels. Course instructors are Walter W. Williams, MD, MPH, Raymond A. Strikas, MD, and William L. Atkinson, MD, MPH, all of the National Immunization Program at the Centers for Disease Control and Prevention. Dr. Atkinson also serves as course moderator. A seven-page course participant package is included.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6622. Single copies only. Cost: Free.

Family Album, *University of California Los Angeles, 1997.*

(15 minutes) A real life story of a southeast Asian family describing their new life in the U.S. and the important role that immunizations play to maintain the health of all—young and old. Available in English, Cambodian, Hmong, Laotian, and Mien.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V4000. Cost: \$10.00.

Get the Picture!: The Storage and Handling Of Your Vaccine Supply, *Universal Health Communications, 1997.*

(21 minutes) This program presents a fresh review of detailed aspects of proper vaccine storage and handling from both cost-effective and maximum health effective perspectives. Distinguishing between live and killed-virus vaccines, the program identifies six rules to promote total office cooperation for maximum vaccine quality control and the minimizing of loss and waste. Vaccines covered are polio (IPV and OPV), MMR, DTP, DT, varicella, Hib, hepatitis B, influenza, and pneumococcal vaccines. Proper temperature ranges, vaccine manufacturer resource referrals, and a current medical advisory on maintaining the cold chain are presented.

Ordering Information: Universal Health Communications, 1200 S. Federal Highway, Suite 202, Boynton Beach, FL 33435, (561) 731-5881 or (800) 229-1842, fax (561) 731-5877. Use order code NCAI-5. Cost: \$25.00.

H.I.D.E. & S.E.E.K.! Eight Strategies to Prevent the Spread of Infections, *Health Media International in conjunction with the Association for Professionals in Infection Control and Epidemiology, Inc., November 1997.*

(28 minutes) This video is a concise, distinctive and entertaining presentation of the infectious process and the most effective steps toward minimizing risk. H.I.D.E. & S.E.E.K. is an acronym for the first letters of important infection control actions that make a difference for prevention of infection: Handwashing, Immunization, Drug Safety, Eating Safety, Safe Personal Practices, Environment, Elderly Care, and Kids.

Ordering Information: Association for Professionals in Infection Control and Epidemiology, Inc., 1016 16th Street, NW, 6th Floor, Washington, DC 20036, (800) 388-1237, fax (818) 990-2738, e-mail: apicinfo@apic.org. Cost: \$39.95.

How to Protect Your Vaccine Supply, *California Department of Health, revised by Minnesota Department of Health, 1996.*

(15 minutes) Revised to include hepatitis A and varicella, this is an instructional video on proper vaccine storage and handling in the medical clinic. The packet includes presenter notes, pre- and post-tests, and refrigerator signs.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V2010. Cost: \$10.00.

Immunization: Who Needs It?, *Universal Health Communications, 1995.*

(21 minutes) Viewers will trace an actual major measles outbreak to an individual and learn how an infectious disease can rapidly become an epidemic. This video clearly illustrates and discusses the tremendous power of the protection that immunization provides. As a result of watching the video, viewers will become engaged in a captivating discussion about the pros and cons of mandatory immunization.

Ordering Information: Universal Health Communications, 1200 S. Federal Highway, Suite 202, Boynton Beach, FL 33435, (561) 731-5881 or (800) 229-1842, fax (561) 731-5877. Use order code NCAI-2. Cost: \$20.00.

In Praise of the Public Health Nurse!!, *Immunization Action Coalition/Hepatitis B Coalition, 1994.*

(31 minutes) A video of the speech given by Margaret Morrison, MD, Mississippi Department of Health, at the 1994 National Immunization Conference in Charlotte, NC. Her presentation was an outstanding testimonial to the public health nurse. Under the banner of "never missing an opportunity," she stresses the importance of training the entire clinic staff, janitors to lab technicians, on how to encourage vaccination, and on the need to make the clinic encounter a welcoming and respectful experience for every person who walks through the door. An excellent training video for new staff members.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (615) 647-9131, e-mail: admin@immunize.org. Use order code V2040. Cost: \$10.00.

Vaccine Administration Techniques, *California Department of Health, 1992.*

(18 minutes) This video provides a refresher course on the correct techniques for administering vaccines. The packet includes presenter notes.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V2020. Cost: \$10.00.

Vaccines for Grown-Ups: It's the Adult Thing to Do!, *Universal Health Communications, 1997.*

(23 minutes) This motivating video stresses to viewers the absolute importance of keeping up-to-date with all immunizations. It emphasizes the CDC recommendations for adult immunization, with particular focus on influenza, pneumococcal, and hepatitis B vaccines. It addresses common excuses or obstacles people often have for not receiving their vaccinations and provides information to viewers on how to get information about health and other services in the community. Viewers are reminded why and which booster shots are important. A brief discussion of possible minor side-effects is included. Viewing is highly recommended for seniors or anyone caring for older persons.

Ordering Information: Universal Health Communications, 1200 S. Federal Highway, Suite 202, Boynton Beach, FL 33435, (561) 731-5881 or (800) 229-1842, fax (561) 731-5877. Use order code NCAI-1. Cost: \$20.00.

When to Immunize, When to Wait, *California Department of Health, 1995.*

(22 minutes) This educational video for doctors, nurses, and clinic staff stresses the importance of taking every opportunity in medical settings to vaccinate and not miss opportunities. Circumstances in which vaccinations should be withheld are discussed. The video provides recommendations for improving immunization rates in private medical offices or public health departments. William Atkinson, MD, MPH, from CDC's National Immunization Program, and Maggie Smeal, MD, Stanford University Research Fellow are featured in the video. Accompanying educational materials make it easy to arrange CME credits for nurses and doctors.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V2030. Cost: \$10.00.

MISCELLANEOUS RESOURCES

Adult Immunization History, *Minnesota Department of Health, January 1996.*

This 7½" x 7¾" one-page clinic record is designed to be part of a patient's clinical medical record, such that the patient's history of immunizations is easily retrievable for the provider to assess quickly. It also includes space for recording information required by the National Vaccine Injury Compensation Program for Td vaccines. It is available with self-adhesive backing or on card stock.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single camera-ready copy with reference to "Minnesota Department of Health" changed to "state health department" may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Adult Immunization Record, *Iowa Department of Public Health, Fall 1996.*

This tri-fold, credit-card size, personal record card makes it easy for adults to track their immunization history.

Ordering Information: Immunization Program, Iowa Department of Public Health, Lucas State Office Building, Des Moines, IA 50319-0075, (800) 831-6293, fax (800) 831-6292. Single copies only if out-of-state. Cost: Free.

Adult Immunization Record Card, *Texas Department of Health, July 1997.*

This one-page form is given to adults as a permanent record of immunizations received. It includes an easy-to-read immunization schedule. The opposite side is translated into Spanish.

Ordering Information: Texas Department of Health, Immunization Division, 1100 W. 49th Street, Austin, TX 78756, (512) 458-7284 or (800) 252-9152, fax (512) 458-7544. Use order code Stock #C-104. Single copies only. Cost: Free.

Adult Immunization Wallet Card, *Michigan Peer Review Organization, Spring 1996.*

This 3½" x 4½" card folds in half to fit into patients' wallets. Designed for Medicare beneficiaries in Michigan, the format can easily be reproduced by any organization. The outside of the card has the toll-free number of the Medicare Information Line developed and run by the Michigan Peer Review Organization. The inside of the card has space for the patient's name, the date last given the flu, pneumococcal, and Td shots, and space to list known allergies.

Ordering Information: Michigan Peer Review Organization, 40600 Ann Arbor Road, Suite 200, Plymouth, MI 48170, (800) 365-5899. Cost: Free.

Annotated Bibliography, *National Coalition for Adult Immunization, Fall 1997.*

This literature review presents articles examining the behavioral and attitudinal factors that influence the adult immunization rates in the United States. Articles cover the period from 1982 to early 1996. The materials include works from peer review journals, project reports, and conference proceedings as well as articles from popular magazines.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

ASHP Technical Assistance Bulletin on the Pharmacist's Role in Immunization, *American Society of Health-System Pharmacists, November 18, 1992.*

This official American Society of Health-System Pharmacists' practice standard addresses the role of the pharmacist in promoting proper immunization of patients in all organized health care settings.

Ordering Information: American Society of Health-System Pharmacists, 7272 Wisconsin Avenue, Bethesda, MD 20814, (301) 657-3000, ext. 1283, fax (301) 657-1615. Cost: Free.

Ask the Experts, *Immunization Action Coalition/Hepatitis B Coalition, On-going.*

All the questions and answers on routine immunization that have been published in *Needle Tips* are found in this document. All responses were written by CDC experts. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2021. Cost: Single copies free.

The Big Red How-To Guide: Planning a Health Fair for Children and Families, *National Health & Education Consortium, 1996.*

This manual provides step-by-step guidance on planning and implementing a local health fair in a reusable workbook that can be expanded to include local materials.

Ordering Information: National Health & Education Consortium, c/o The Institute for Educational Leadership, 1001 Connecticut Avenue, NW, Suite 310, Washington, DC 20036, (202) 822-8405, fax (202) 872-4050. Cost: \$15.00 each plus \$2.00 for shipping and handling for first item, \$1.00 for each additional item, up to total \$5.00. Items must be prepaid (check or money order should be made payable to IEL).

Campaign Kit for National Adult Immunization Awareness Week, *National Coalition for Adult Immunization, Annual.*

This campaign kit contains materials which help support National Adult Immunization Awareness Week, observed annually, the second full week of October. The kit serves to assist with educating patients and health care workers about adult immunization. Included in the kit are the adult and adolescent immunization schedules, fact sheets on adult and adolescent immunization, guide to promotional activities, and much more. The kit is available in mid-summer.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Cost: Inquire when ordering. Must be prepaid with a check or money order. Price subject to change.

Directory of Adult Immunization Tracking Software, *National Coalition for Adult Immunization, Fall 1997.*

The *Directory of Adult Immunization Tracking Software* is a non-exhaustive list of software programs specific to tracking adolescent and adult immunizations. The Software Directory is organized into four major sections: Definitions of Software Features, Software Comparison Table, Software Product Information, and Adult Immunization Telephone Reminder Systems Product Information.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

IAC Express, *Immunization Action Coalition, On-going.*

IAC Express delivers timely vaccine information directly into your email box. Information includes announcements of new ACIP statements, MMWR vaccine articles, hot topics on vaccines, vaccine news in the mainstream media, stories of people who have suffered or died of a vaccine-preventable disease, and much more.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Cost: Free. Send an email message to <express@immunize.org> Enter the word SUBSCRIBE in the "Subject:" field. You can also sign up by going to www.immunize.org/express.

Get Ready...Get Set...Go!, *Merck Vaccine Division, 1996.*

This travel health newsletter includes a segment on prevention, and encourages you to allow sufficient time to update any vaccinations prior to traveling. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

How to Operate a Community-Based Shot Clinic, *Deborah Wexler, MD, Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

These guidelines are for setting up immunization clinics and for giving immunization talks at shot clinics. They include materials you can adapt for your clinics, such as an immunization clinic checklist of supplies, physician notification letter, and information about immunizing at WIC clinics. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P3040. Cost: \$5.00.

Immunization Checklist for Adults, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1991.*

This bookmark lists the immunization schedule for adults and can be used in clinics and doctors' offices to promote adult immunization.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Immunization during Pregnancy, *American College of Obstetricians and Gynecologists, October 1991.*

This 11-page technical bulletin addresses criteria for vaccination during pregnancy. It discusses recommended immunity for women, risk of exposure to disease, risk from immunobiologic agents, confirmation of pregnancy, and current vaccination indications for pregnant women. Also included is a summary table for immunization during pregnancy.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Technical Bulletin 160. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Immunization in Long Term Care Focusing on Influenza and Pneumococcal Vaccinations, *American Medical Directors Association, August 1998.*

This kit is a compilation of immunization information focusing on influenza and pneumococcal vaccinations as it pertains to the long term care patient and the caregiver. Included in the kit are journal articles, recommendations from the Centers for Disease Control and Prevention and the National Coalition for Adult Immunization, sample policy and procedures, and patient and caregiver handouts. Originally produced for medical directors, this information is useful on many levels.

Ordering Information: American Medical Directors Association, 10480 Little Patuxent Parkway, Suite 760, Columbia, MD 21044, (410) 740-9743, fax (410) 740-4572. Use order code IMMUN. Cost: Members: \$25. Non-members: \$30.

Immunization...It Works Like Magic, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1993.*

This bookmark, in the form of a theater ticket, lists immunization schedules for infants and adults and states "Drop the curtain on disease. Immunize."

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

"Immunization: Some Things You Never Outgrow" Camera-ready Ads, *National Coalition for Adult Immunization, 1997.*

These various-sized, black and white, camera-ready ads contain the theme from the 1997 National Adult Immunization Awareness Week campaign stating "Immunization: Some Things You Never Outgrow" and "Immunize: It's Great Health Advice." Some ads list the ten major vaccine-preventable diseases. Also available in Spanish.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

"Immunization: Some Things You Never Outgrow" Sample Set, *National Coalition for Adult Immunization, 1997.*

This appealing 11" x 17" three-color poster with accompanying brochure and pharmacy insert/wallet card provides easy-to-read information on the safe and effective vaccines that help prevent influenza, pneumococcal disease, hepatitis A and B, measles, mumps, rubella, tetanus, diphtheria, and chickenpox. The educational materials encourage adults to ask about immunizations needed to stay well and to check with their health plan to see what shots are covered. The materials can be used in an office, pharmacy, other health care facility or at special events.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Cost: Single sample sets free. Contact NCAI for pricing on multiple copies.

Immunization Stickers, *State of Wisconsin Department of Health and Social Services, Immunization Program.*

Immunization stickers state "Want large scale protection? Ask to be immunized." and "Step up your protection. Ask to be immunized."

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Look Toward a Healthy Future - Immunize, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1995.*

This bookmark lists immunization schedules for children and adults and states "Stay on track...Immunize."

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Manual for the Surveillance of Vaccine-Preventable Diseases, *Centers for Disease Control and Prevention, edited by M. Wharton and S. Roush, 1997.*

This 450-page manual was originally used in conjunction with the live satellite videoconference Surveillance of Vaccine-Preventable Diseases, which aired on December 5, 1996. The manual can be used by nurses, physicians, sanitarians, infection control practitioners, laboratorians, epidemiologists, disease reporters, and others who are involved in the surveillance and reporting of vaccine-preventable diseases. It was designed to provide useful and practical guidance for surveillance activities at the local and state level.

Ordering Information: National Technical Information Service, (703) 487-4650 or (800) 553-6847. Use order code PB97-147987. Cost: \$24.00.

Manufacturers of Adult Vaccines, *National Coalition for Adult Immunization, 1999.*

This one-page list includes each adult vaccine, manufacturer(s), and the phone number to order the vaccine supplies.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com.
Cost: Free.

Minnesota Immunization Record, *Minnesota Department of Health, March 1997.*

This rip-proof, smear-proof, wallet-sized record card is designed to facilitate personal record-keeping of all immunizations received over a lifetime. It also includes a column to indicate when the next dose of a particular vaccine is due.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Office Review of Patient Immunization Status, *American College of Obstetricians and Gynecologists, November 1996.*

The American College of Obstetricians and Gynecologists (ACOG), through its Committee on Quality Assessment, develops criteria sets intended to assist in the evaluation of the quality and appropriateness of care. The purpose of this one-page criteria set is to assess the adequacy of immunizations in the primary care component of practice.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Criteria Set 19. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264.
Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Payroll Stuffer, *National Coalition for Adult Immunization.*

This sample message can be sent to large companies to include with payroll checks and bills to customers. Camera-ready copy.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

Personal Medical Data, *South Carolina Coalition for Older Adult Immunization, 1996.*

This wallet card is designed to track the dates of a patient's last flu and pneumonia shots. It also provides space for personal medical data.

Ordering Information: Carolina Medical Review, 250 Berryhill Road, Suite 101, Columbia, SC 29210, (800) 922-3089, fax (803) 731-8229. Cost: Free.

Photo Notebook of Vaccine-Preventable Diseases, *Immunization Action Coalition/Hepatitis B Coalition, March 1999.*

This three-ring binder includes 19 full-page color photos of children and adults with vaccine-preventable diseases and a 25-page simple text that describes the disease. It is useful for outreach presentations.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code R2053. Cost: \$75.00.

Primary and Preventive Care, *American College of Obstetricians and Gynecologists, 1997.*

This review, the first issue in the new ACOG series Primary Care Review, provides tables by age group on periodic assessments for women. Appropriate immunization guidelines are given for each age group as well as in a separate table on high-risk factors.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, P.O. Box 96920, Washington, DC 20090-6920, (202) 863-2518, fax (202) 484-1595. Use order code AP117. For multiple copies contact ACOG Distribution Center, P.O. Box 4500 Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Reminder Postcards, *Office of Disease Prevention and Health Promotion/HHS, 1994.*

Use these reminder to notify children and adult patients of the need for a general checkup or a specific immunization or test.

Ordering Information: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954, fax (202) 512-2250. Use order code #017-001-00501-1. Cost: \$8.00 for package of 50.

Resource Guide: Quality of Care in Managed Health Care for Seniors: A follow-up Resource to the December 15, 1997 SPRY National Town Forum Quality of Care in Managed Health Care for Seniors, *The SPRY Foundation, December 1997.*

This Resource Guide is an easy-to-use guidebook designed to help seniors and caregivers explore the variety of current information on Medicare managed care and preventive care. It includes information on immunizations and evaluation of service.

Ordering Information: The SPRY Foundation, 10 G Street, NE, Suite 600, Washington, DC 20002-4215, (202) 216-0401, fax: (202) 216-0779, e-mail: spryfoundation@ncpssm.org. Cost: Free.

Sample Adult Immunization Record Card, *National Coalition for Adult Immunization, 1997.*

When it's printed and folded, this sample record card will fit easily in a wallet. Space is available for the name and phone number of the person. For longevity, this card should be reprinted on non-tearing Tyvek paper. Camera-ready copy.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

Screening Questionnaire for Adult Immunization, *Immunization Action Coalition/Hepatitis B Coalition, February 1997.*

Health care providers may utilize this form with adult patients to determine if any immunizations are needed. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4065. Cost: Single copies free.

Screening Questionnaire for Child & Teen Immunization, *Immunization Action Coalition/Hepatitis B Coalition, March 1999.*

This one-page screening questionnaire assists parents or guardians in assessing contraindications to vaccines. It is also used by medical personnel to evaluate which vaccines can be given to the patient during that day's visit. Also available in Chinese, Hmong, and Spanish.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4060. Cost: Single copies free.

Standards for Adult Immunization Practice, *National Coalition for Adult Immunization, March 1990.*

To unify the diverse interests of NCAI member organizations and to offer a foundation of common goals among health care providers, policy makers and consumer interest groups, the National Coalition for Adult Immunization has developed and adopted the *Standards for Adult Immunization Practice*. The Standards outline basic strategies that, if fully implemented, can markedly improve delivery of vaccines to adults and help achieve year 2000 national health objectives.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Cost: Single copies are free. Multiple copies are \$25.00 per 100.

Travel Care™, *Information Marketing Group, Inc.*

Use menus, buttons, or click on any region of the world to easily retrieve travel health information. A useful 'Itinerary Maker' produces a complete report of travel health risks, recommendations, and requirements. Included are advisories from the State Department, basic travel tips, country information, disease information, health risk by region, vaccine information, maps of disease distribution, and a monthly update service.

Ordering Information: Information Marketing Group, Inc., 27 Grand Canyon Drive, P.O. Box 4715, Los Alamos, NM 87544, (800) 571-5444. Use order code #CWI01W for Windows and #CWI01M for Macintosh. Cost: \$449.00 for single station. Call for multi-station access pricing.

Vaccinations for Adults, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

This simple information sheet reminds adults about recommended vaccinations. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4030. Cost: Single copies free.

Vaccine Administration Record for Adults, *Immunization Action Coalition/Hepatitis B Coalition, August 1998.*

Adult patients' immunization records can be kept on this one-page sheet in the front of their medical charts. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2023. Cost: Single copies free.

Vaccine Handling, Storage, and Transport, *Immunization Action Coalition/Hepatitis B Coalition, September 1996.*

This protocol, adapted from the Michigan Nurses Association, describes how to check vaccines upon arrival and how to handle and store them. It includes updated varicella vaccine information. It also reviews refrigerator and thermometer guidelines and how to transport vaccines to other sites. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2020. Cost: Single copies free.

Vaccine Information Statements Provider Sets, *National Immunization Program, Centers for Disease Control and Prevention.*

This packet includes all vaccine information statements and instructions for use.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5330. Limited quantities available. Cost: Free.

When to Immunize, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1994.*

This bookmark lists the routine immunization schedule for children and the boosters required for adults.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

GENERAL ADOLESCENT IMMUNIZATION RESOURCES

BOOKS

Clinician's Handbook of Preventive Services, *Office of Disease Prevention and Health Promotion/HHS, 1997.*

This user-friendly manual contains two sections - children/adolescents and adults/older adults. Each section includes multiple chapters on screening tests, immunizations/prophylaxis, and counseling. Each of the 60 chapters includes basic steps of performing the service, a description of the burden of suffering from the target condition, the recommendations of major authorities, and listings of patient and provider resources. This manual is designed for use by both practicing clinicians and students of preventive health.

Ordering Information: Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954, fax (202) 512-2250. Use order code #017-001-00496-1. Cost: \$21.00.

Guidelines for Adolescent Preventive Services, *American Medical Association, 1995.*

The *Guidelines for Adolescent Preventive Services* (GAPS) is a comprehensive set of recommendations that provides a framework for the organization and content of preventive health services. GAPS recommendations are organized into four types of services that address 14 separate topics or health conditions including appropriate immunizations.

Ordering Information: American Medical Association, (800) 621-8335. Cost: Members: \$25.00 plus \$6.95 for shipping and handling. Non-members: \$30.00 plus \$6.95 for shipping and handling. Overview is free.

1997 Red Book: Report of the Committee on Infectious Diseases, *American Academy of Pediatrics, April 1997.*

The *Red Book* is a series of guidelines for the management of infectious diseases in children, including current information based on new antimicrobial agents, new vaccines, new diseases, and changing clinical patterns of old diseases. The infectious diseases are listed alphabetically for quick reference. Tables of dosage schedules of drugs for treatment of bacterial, viral, parasitic, and fungal infections are included. The *Red Book* is updated every three years.

Ordering Information: American Academy of Pediatrics, P.O. Box 747, Elk Grove Village, IL 60009-0747, (800) 433-9016, fax (847) 228-1281. Visit website at www.aap.org for secure online publications ordering or e-mail request to pubs@aap.org. Use order code MA0001. Cost: Members: \$74.95. Non-members: \$79.95. VISA and Mastercard accepted.

BROCHURES AND PAMPHLETS

Childhood and Adult Immunizations, *Hope Publications, December 1995.*

This brochure contains information for international travelers and provides basic information on vaccine-preventable diseases. It also lists shots needed for adults and teens and where to obtain immunizations.

Ordering Information: Hope Publications, (800) 334-4094, ext. 1014. Use order code Item #175. Cost: Inquire when ordering.

Don't go (to college) without it!, *State of Wisconsin Department of Health and Social Services, February 1993.*

This colorful brochure, targeted toward students about to enter college, discusses immunization requirements, proof of immunization, and the seriousness of vaccine-preventable diseases. It includes a wallet-size record card.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, fax (608) 267-9493. Single copies only. Cost: Free.

Las Vacunas: Información importante para su familia, *National Council of La Raza, 1995.*

This colorful, low-literacy level brochure explains the nature of vaccine-preventable diseases and provides the recommended vaccination schedules for infants, children, and adults. Available in Spanish only.

Ordering Information: National Council of La Raza, Maternal and Child Health Programs, (202) 785-1670. Single copies only while supplies last. Cost: Free.

Minnesota's College Immunization Law, *Minnesota Department of Health, October 1996.*

This tri-fold pamphlet explains the requirements of Minnesota's college immunization law and provides general information about these vaccines and others needed by adults.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Shots For Older Children—Helping Children Stay Healthy, *Channing L. Bete Company, Inc., September 1998.*

This eight-page booklet reminds parents that adolescents need additional vaccinations. It recommends hepatitis B and varicella (chickenpox) vaccines for preteens who did not receive them as babies and a tetanus booster every ten years. The booklet describes the health dangers of the diseases these vaccines prevent.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com.ordering.

FACT SHEETS AND CHARTS

Adolescent Immunization Schedule, *National Coalition for Adult Immunization, 1999.*

This chart lists the recommended adolescent immunizations and timing of immunizations.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

Are You 11-19 Years Old? You Need to Be Vaccinated!, *Immunization Action Coalition/Hepatitis B Coalition, April 1998.*

This simple patient information sheet educates teens, pre-teens, and their parents about recommended vaccinations. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4020. Cost: Single copies free.

Embassy Project, *Jean Tsotsonis, 1998.*

The *Embassy Project*, copyrighted by Jean Tsotsonis, RN, PHN is a chart that translates the nine required student vaccines into 24 languages. This chart is the only available reference for translating foreign immunization records. There is no need to flip through pages and pages, and translations are done quickly and easily. If you can read a road map, you too can translate 24 languages! The chart is printed on tear-resistant Tyvek paper and dimensions are 30" x 40".

Ordering Information: Jean Tsotsonis, RN, 3 Canton Street, Lowell, MA 01851, (978) 459-6331, email: dsjt@mediaone.net. Cost: \$50.

Immunization Schedule, *American Academy of Pediatrics, August 1995.*

This chart recommends ages for administration of currently licensed childhood vaccines, including the recommendation for adolescent vaccination against hepatitis B. Comes in pads of 100. Also available in Spanish.

Ordering Information: American Academy of Pediatrics, Publications Department, 141 Northwest Point Boulevard, P.O. Box 927, Elk Grove Village, IL 60009-0927. Use order code IS5081 for English and IS5082 for Spanish. Cost: Members: \$12.50. Non-members: \$17.50.

POSTERS

Got Your Shots?, *Minnesota Department of Health, October 1996.*

This 11" x 30" four-color poster illustrates the need for immunizations across the lifespan, from birth through old age, and lists what shots are due at each age. Developed as part of a statewide "Got Your Shots?" media campaign, this poster includes the phone number for the Minnesota Immunization Department.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

REPORTS

Immunizations in Children and Adults, *American Academy of Physician Assistants, May 1994.*

The American Academy of Physician Assistants (AAPA) recognizes the importance of childhood and adult immunization programs and the need to educate individual physician assistants (PA's) and the public about these programs. The AAPA policy makes recommendations related to current medical guidelines, patients in high-risk groups, public information campaigns, PA and PA student immunizations, primary care immunization systems, specialty practice awareness, and immunization coordination to prevent fragmentation of care. An appendix lists sources of information on recommended immunization schedules.

Ordering Information: Ellen Rathfon, Director of Professional Affairs, American Academy of Physician Assistants, 950 N. Washington Street, Alexandria, VA 22314, (703) 836-2272, ext. 3206. Cost: Free.

Immunization of Adolescents, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 45, RR-13, 1996.*

This report presents a new strategy to improve the delivery of vaccination services to adolescents and to integrate recommendations for vaccination with other preventive services provided to adolescents. This strategy emphasizes vaccination of adolescents 11-12 years of age by establishing a routine visit to their health care provider. The recommendations for vaccination of adolescents are based on information for each vaccine.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6611. Single copies only. Cost: Free.

Special Report: Focus on Adolescent Immunization, *Journal of School Health*, Vol. 67, No. 7, American School Health Association, September 1997.

This Journal emphasizes the role that schools can take in protecting youth against vaccine-preventable diseases. It offers perspectives from across the nation, from California to Maryland, Minnesota and Louisiana. The articles offer keen insight from those directly involved with adolescent immunization (e.g. parents, educators, public health professionals, advocacy groups, and managed care organizations) and examine legalities of immunization consent. Most importantly, this special Journal identifies and describes various adolescent vaccination programs that have proved to be successful.

Ordering Information: American School Health Association, 7263 State Route 43, Kent, OH 44240, (330) 678-1601, fax (330) 678-4526. Cost: \$8.50.

SLIDE SETS

Faces of Vaccine-Preventable Diseases, *Immunization Action Coalition/Hepatitis B Coalition*, September 1996.

This set of 30 slides shows pictures of people with preventable diseases for which adults and children are now routinely vaccinated. They are suitable for use by public health departments, community outreach workers, nursing schools, and medical teaching programs. There are no copyright laws on these slides. The pictures can be used for brochures, posters, billboards, and videos. A simple script is included to assist with presentations.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code S3010. Cost: \$25.00.

TEACHING MATERIALS

Celebrate Immunization, *The Center for Cooperative Learning at the University of Florida*, 1995.

Celebrate Immunization includes three videotapes, printed booklets, which lead groups of students through peer teaching and role playing, and worksheets. The three videos are entitled Demonstration for Teachers, Why It Won't Happen To You, and Immunization: Who Needs It?. A "Take Home Letter" to educate and involve older relatives is also included. Reproducible modules may be used and shared multiple times. Posters and videos are available separately. "Take Home Letter" is also available in Spanish.

Ordering Information: The Center for Cooperative Learning at the University of Florida, 5700 SW 34th Street, Suite 323, Gainesville, FL 32608, (352) 392-5904 ext. 235, fax (352) 392-8822, e-mail: ccl@ichp.edu. Use order code CI400. Cost: \$49.95 (includes shipping and handling). If prepaying, checks should be made payable to University of Florida Research Foundation.

Immunization Plus, *University of California Los Angeles*, 1997.

This middle school curriculum on immunization contains a 13-minute teacher training video, manual, worksheets, and the upbeat video, "Immunization Day." The music is by Coolio.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code R2051. Use order code V2050 for script only. Cost: \$25.00. \$10.00 for video only.

VIDEOTAPES

"Precious Chance", *Scottish Rite Children's Medical Center in conjunction with the Centers for Disease Control and Prevention, 1992.*

(17 minutes) This is an award winning informational piece to be viewed by parents prior to their infants and children receiving vaccines. It reviews the benefits, risks, and adverse reactions to current immunization therapy. Also available in Cambodian, Hmong, Laotian, Russian, Spanish, and Vietnamese.

Ordering Information: Scottish Rite Children's Medical Center, 993 F. Johnson Ferry Road, Suite 360, Atlanta, GA 30342, (404) 250-2319, fax (404) 257-3274. Cost: \$59.95 plus tax.

"Shot Talk! - Immunize Your Little Guys", *Scottish Rite Children's Medical Center in conjunction with The DeKalb County Board of Health, 1997.*

(13 minutes) This video presentation was created and designed to educate teens and teen parents about immunization. It features interactive interviews with a pediatrician, teens, and teen parents. Topics include: definitions of immunizations, description of ten vaccine-preventable diseases, how vaccines work, and possible side effects.

Ordering Information: Scottish Rite Children's Medical Center, 993 F. Johnson Ferry Road, Suite 360, Atlanta, GA 30342, (404) 250-2319, fax (404) 257-3274. Cost: \$59.95.

MISCELLANEOUS RESOURCES

The Adolescent Health Visit: It's important and it's necessary, *Oregon Health Division Immunization Program, July 1998.*

This informational folder includes materials for medical providers on the adolescent health visit, adolescent immunizations, youth depression and school immunization requirements. It also includes questionnaires for adolescent patients, their parents, and a copy of the American Medical Association's Guidelines for Adolescent Preventative Services (GAPS).

Ordering Information: Oregon Health Division Immunization Program, 800 NE Oregon Street, Suite 370, Portland, Oregon 97232, (503) 731-4020, fax (503) 731-3095. Single copies only. Cost: Free.

Directory of Adult Immunization Tracking Software, *National Coalition for Adult Immunization, Fall 1997.*

The *Directory of Adult Immunization Tracking Software* is a non-exhaustive list of software programs specific to tracking adolescent and adult immunizations. The Software Directory is organized into four major sections: Definitions of Software Features, Software Comparison Table, Software Product Information, and Adult Immunization Telephone Reminder Systems Product Information.

Ordering Information: National Coalition for Adult Immunization, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228, (301) 656-0003, fax (301) 907-0878, e-mail: adultimm@aol.com. Single copies only. Cost: Free.

Immunizing America's Children: A Model Workshop, *Immunization Education and Action Committee, 1995.*

Immunizing America's Children: A Model Workshop provides an opportunity to highlight and enhance the impact of your existing immunization efforts. Although this publication focuses on childhood immunization, it can easily be adapted to adult immunization. The publication contains background materials and includes a sample task list, invitation, agenda, press release, etc. It provides recommendations, and lays the groundwork for the process of inclusion of community members at every level from the planning committee to presenters and panelists.

Ordering Information: Dee Dunmore, Immunization Education Action Committee/Healthy Mothers Healthy Babies, 409 12th Street, SW, Washington, DC 20024, (202) 863-1638. Cost: Free.

Let's Learn About Immunizations: An Information & Activities Book, *Channing L. Bete Co., Inc., September 1996.*

This activity book contains games and activities which explain the importance of immunizations to preteens. The eight-page book shows how antibodies work, tells about the diseases children need to be protected against, and looks at why older children may need shots. There is also advice on overcoming a fear of shots, questions to ask parents, and more. Also available in Spanish.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 57398 for English and 57406 for Spanish. Cost: Inquire when ordering.

Look Toward a Healthy Future - Immunize, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1995.*

This bookmark lists immunization schedules for children and adults and states "Stay on track...Immunize."

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Overview of School Health Services, *Third Edition, National Association of School Nurses, 1997.*

In Section III, Health Promotion, of this manual, school nurses are given immunization recommendations and guidance on their role in verifying immunization records of school age youth.

Ordering Information: National Association of School Nurses, P.O. Box 1300, Scarborough, ME 04070-1300, (207) 883-2117, fax (207) 883-2683, email: nasnweb@aol.com. Cost: Members: \$25.00. Non-members: \$35.00 plus \$3.50 for shipping and handling.

Recommendations for an Institutional Prematriculation Immunization Requirement, *American College Health Association, May 1995.*

This list includes recommendations which are provided to colleges and universities to facilitate the implementation of a comprehensive Prematriculation Immunization Requirement (PIR). It is intended as a guideline that is consistent with the recommendations of the Advisory Committee on Immunization Practices (ACIP).

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500. Single copies only. Cost: Free.

Vaccine Administration Record for Children and Teens, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

Children and teen patients' immunization records can be kept on this one-page sheet in the front of their medical charts. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (612) 647-9009, fax (612) 647-9131, e-mail: mail@immunize.org. Use order code P2022. Cost: Single copies free.

When Do Children and Teens Need Shots?, *Immunization Action Coalition/Hepatitis B Coalition, March 1999.*

This visual picture of the childhood and teen immunization schedule gives parents, including those with limited reading skills, an understanding of all the immunizations needed for children up to age 16. Also available in Spanish. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4050. Cost: Single copies free.

When to Immunize, *State of Wisconsin Department of Health and Social Services, Immunization Program, 1994.*

This bookmark lists the routine immunization schedule for children and the boosters required for adults.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

HEPATITIS A

AUDIOTAPES

Viral Hepatitis Audiotope Package, *Association for Professionals in Infection Control and Epidemiology, Inc., February 1998*. (60 minutes) This audiotope, narrated by Clark Greg, MD, provides an overview of the different hepatitis strains and strategies for prevention. Continuing education available for nurses and laboratory professionals.

Ordering Information: National Nursing Network, 4465 Washington Street, Denver, CO 80216, (800) 373-2952. Cost: Members: \$12.50 plus \$1.75 for shipping and handling. Non-members: \$15.00 plus \$1.75 for shipping and handling. Continuing education fee is additional.

BROCHURES AND PAMPHLETS

The ABCs of Viral Hepatitis, *American College Health Association, 1999*.

Reviews behaviors that put people at risk for contracting hepatitis A, B, and C, with an emphasis on prevention. Includes vital immunization information on hepatitis A and hepatitis B (one of the fastest spreading sexually transmitted diseases).

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500, fax (410) 859-1510. Use order code HS13. Cost: Inquire when ordering.

About Hepatitis A, *Channing L. Bete Company, Inc., December 1997*.

This 16 page booklet tells readers everything they need to know about hepatitis A: it's origin, symptoms, methods of transmission, prevention, and treatment. Gives detailed explanations of precautionary measures and lists hotline numbers for readers interested in more information.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 39453. Cost: Inquire when ordering.

Hepatitis A, *Allegheny County Health Department, Division of Infectious Diseases, September 1998*.

This pamphlet defines hepatitis A-symptoms, transmission mode, diagnosis, control, and prevention.

Ordering Information: Division of Infectious Diseases, Allegheny County Health Department, 3441 Forbes Avenue, Pittsburgh, PA 15213, (412) 578-8060, fax (412) 578-8300. Use order code HAV 812F-3. Cost: Free.

Hepatitis A, *Hepatitis Branch, Centers for Disease Control and Prevention, January 1997*.

This easy-to-read pamphlet addresses the symptoms, risk, transmission, and prevention of hepatitis A virus infection, including the use of hepatitis A vaccine.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6606. Cost: Free.

Hepatitis A - As Far As Your Next Trip, As Near As Your Next Meal, *Merck Vaccine Division, 1996.*

This colorful brochure discusses the disease, transmission, symptoms, risk of hepatitis A in relation to travel, and the vaccine to prevent it. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

Hepatitis A Is Serious...Should You Be Vaccinated?, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

This simple, easy-to-read brochure is for those who need to be vaccinated against hepatitis A. Also available in Spanish. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4080. Cost: Single copies free.

Is Your Liver Giving You the Silent Treatment?, *Hepatitis Foundation International, 1999.*

This pamphlet contains detailed information on the importance of the liver and how hepatitis can impact its functioning.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Meet O'Liver®: The Liver Mascot for Viral Hepatitis, *Hepatitis B Foundation, June 1997.*

This easy-to-read brochure is written for school children to help them understand how important the liver is, what viral hepatitis is, and how to prevent hepatitis A, B, and C infection. O'Liver® is the Hepatitis B Foundation's new friendly and lovable liver mascot which appeals to both children and adults.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Single copies free. For multiple copies, inquire when ordering.

Staying Healthy When You Travel, *SmithKline Beecham Pharmaceuticals, 1995.*

This guide to preventing health problems for today's traveler discusses symptoms of hepatitis A, ways it is transmitted, the vaccine to prevent it, and tips for healthy travel.

Ordering Information: SmithKline Beecham Pharmaceuticals, (800) HEPVAX. Cost: Free.

Viral Hepatitis, *Channing L. Bete Co., Inc., September 1995.*

This brochure describes the different types of viral hepatitis, how the viruses are transmitted, their symptoms, and effects. It explains treatment, prevention, and the need to seek medical attention promptly.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code S14985A. Cost: Inquire when ordering.

Viral Hepatitis: Everybody's Problem?, *American Liver Foundation, June 1995.*

This brochure discusses many issues concerning viral hepatitis, including the different types of viral hepatitis, transmission, symptoms, treatment, complications, prevention, and viral hepatitis in relation to cancer, AIDS, and pregnancy.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

What Do I Need To Know About Hepatitis A?, *National Institute of Diabetes and Digestive and Kidney Diseases, October 1997.*

This easy-to-read brochure provides information on the hepatitis A virus, transmission, risk factors, and prevention methods.

Ordering Information: National Digestive Diseases Information Clearinghouse, 2 Information Way, Bethesda, MD 20892-3570, (301) 654-3810, fax (301) 907-8906, email: nddic@info.niddk.nih.gov. Use order code 97-4244. Cost: Free.

What You Should Know about Hepatitis A, B & C, *American Liver Foundation, 1996.*

This colorful brochure provides information about transmission, risk, testing, and prevention in relation to hepatitis A, B, and C.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

You Don't Have to Go All the Way to Get Hepatitis A, *Immunization Action Coalition/Hepatitis B Coalition in collaboration with the Youth and AIDS Project, University of Minnesota, July 1997.*

This brochure serves to help gay men look at risk behavior for hepatitis A and motivate them to get vaccinated.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4116. Cost: Single copies free.

NEWSLETTERS

Hepatitis Alert, *Hepatitis Foundation International, Quarterly.*

This newsletter includes articles which address the many issues surrounding viral hepatitis, including vaccination against hepatitis A and B.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Hepatitis Weekly, *CW Henderson, Publisher, Weekly.*

Hepatitis Weekly focuses on hepatitis A, B, C, D, and E, as well as non-A and non-B hepatitis. Topics include vaccines, OSHA regulations, transmission, incidence, infection control, therapies, and much more. The newsweekly provides quick, encapsulated reports of the latest research and issues on a worldwide scale each week. 45 issues/year.

Ordering Information: CW Henderson, P.O. Box 830409, Birmingham, AL 35283-0409, (800) 633-4931, fax (205) 995-1588. Cost: \$1,359.00 for one year. Sample issue available.

REPORTS

Prevention of Hepatitis A through Active or Passive Immunization, *Centers for Disease Control and Prevention*, December 27, 1996.

This report provides recommendations for use of newly licensed hepatitis A vaccines in persons two years of age and older. In addition, it updates previous recommendations for use of immune globulin for protection against hepatitis A.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6602. Single copies only. Cost: Free.

SLIDE SETS

Epidemiology and Prevention of Viral Hepatitis A to E: An Overview, *Hepatitis Branch, Centers for Disease Control and Prevention*, 1995.

This slide set, with accompanying text, covers the epidemiology and prevention of hepatitis A, B, C, D, and E.

Ordering Information: NTIS, (800) CDC-1824. Use order code AVA19900SSOO. Cost: \$65.00 plus \$6.00 for shipping and handling.

TEACHING MATERIALS

Clinical Practice Guidelines for Viral Hepatitis, *American Medical Association*, 1995.

This self-instructional video CME program is intended to provide clinical practice guidelines for the prevention, treatment, management, and diagnosis of viral hepatitis. The video and accompanying written material provide descriptions of the five viruses causing viral hepatitis and identification of the risk factors predisposing viral hepatitis. This CME program meets the criteria for two hours of Category I of the Physicians' Recognition Award of the American Medical Association.

Ordering Information: American Medical Association, (800) 621-8335. Use order code #OP911095RX. Cost: Members: \$39.95. Non-members: \$59.95.

MISCELLANEOUS RESOURCES

The ABC's of Hepatitis, *Hepatitis Foundation International*, 1999.

This information sheet discusses Hepatitis A-E, the incubation period for the viruses, how they are spread, symptoms, treatments, vaccines, risk factors, and prevention.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Caring for Your Liver, *Hepatitis Foundation International*, 1999.

This information sheet discusses the importance of liver functions as well as proper dietary guidelines for the hepatitis challenged individual.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Diagnosis and Treatment, *Hepatitis Foundation International, 1999.*

This information sheet discusses the diagnosis of hepatitis A-C, as well as the most recent treatments available.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Havrix (Hepatitis A Vaccine, Inactivated), *SmithKline Beecham Pharmaceuticals.*

SmithKline Beecham Pharmaceuticals provides a variety of health care professional and patient education materials and support services which pertain to hepatitis A. Materials include posters and maps of endemic areas, question and answer booklets, product background information, informative brochures, and a travel kit with region-specific brochures. Materials and consultative services are complimentary to those using Havrix.

Ordering Information: SmithKline Beecham Pharmaceuticals, (800) 826-8898. Cost: Free.

Hepatitis A, *American Liver Foundation, April 1995.*

This information sheet answers questions about hepatitis A transmission, risk factors, symptoms, complications resulting from hepatitis A, diagnosis, treatment methods, and the vaccine to prevent hepatitis A.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each.

Hepatitis A, *Hepatitis Foundation International, 1999.*

This information sheet answers questions about hepatitis A-transmission, symptoms, treatment, prevention, and vaccination.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$.50 each.

Hepatitis A & B Vaccination, *Hepatitis Foundation International, 1999.*

Detailed information sheet on Hepatitis vaccinations.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$.50 each.

Hepatitis A Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, 1995.*

This fact sheet includes information about the vaccine, who is at risk, and when one should be immunized.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5328. Limited quantities available. Cost: Free.

Hepatitis Awareness Month Packet, *Hepatitis Foundation International, Annual.*

Written for the lay person, HFI's packet provides important information for health care providers to use when talking to patients with hepatitis and their loved ones. It also informs the public about the silent threat of hepatitis. This special packet includes the most current information on hepatitis A and B vaccination and three eye-catching posters. Hepatitis Awareness Month is observed yearly in May.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$10.00.

Hepatitis in Pregnancy, *American College of Obstetricians and Gynecologists, February 1993.*

This 10-page technical bulletin reviews the different forms of viral hepatitis and addresses etiology and epidemiology. It discusses the vaccines available for hepatitis A and B, their clinical manifestations, diagnosis, management, and precautions for health care workers.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Technical Bulletin 174. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Recommended Dosages of Hepatitis A and B Vaccines, *Immunization Action Coalition/Hepatitis B Coalition, October 1998.*

This list includes the recommended dosages for hepatitis A and B vaccines for individuals across the lifespan (infancy to adulthood). The recommendations are based on vaccine brand. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2081. Cost: Single copies free.

Tips on Coping with Chronic Hepatitis, *Hepatitis Foundation International, 1999.*

This information sheet discusses Chronic Hepatitis, the importance of vaccinations, diet, the dangers of alcohol, and the importance of support groups.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

HEPATITIS B

AUDIOTAPES

Viral Hepatitis Audiocassette Package, *Association for Professionals in Infection Control and Epidemiology, Inc., February 1998.* (60 minutes) This audiocassette, narrated by Clark Greg, MD, provides an overview of the different hepatitis strains and strategies for prevention. Continuing education available for nurses and laboratory professionals.

Ordering Information: National Nursing Network, 4465 Washington Street, Denver, CO 80216, (800) 373-2952. Cost: \$12.50 plus \$1.75 for shipping and handling. Continuing education fee is additional.

BOOKS

The War Against Hepatitis B: A History of the International Task Force on Hepatitis B Immunization, *William Muraskin, 1995.*

The War Against Hepatitis B is a remarkable story of a small group of scientists who, during the 1980's, set out against inestimable odds to conquer a killer disease. As the World Assembly's endorsed goal of achieving universal hepatitis B immunization moves forward, millions of lives are saved in developing countries as a result of their success and service to humanity.

Ordering Information: The University of Pennsylvania Press, (800) 445-9880. Use order code ISBN 0-8122-3267-4. Cost: \$29.95.

BROCHURES AND PAMPHLETS

The ABCs of Viral Hepatitis, *American College Health Association, 1999.*

This brochure reviews behaviors that put people at risk for contracting hepatitis A, B, and C, with an emphasis on prevention. Includes vital immunization information on hepatitis A and hepatitis B (one of the fastest spreading sexually transmitted diseases).

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500, fax (410) 859-1510. Use order code HS13. Cost: Inquire when ordering.

About Hepatitis B, *Channing L. Bete Co., Inc., July 1996.*

This brochure explains how hepatitis B virus is spread. It discusses symptoms, behaviors that increase risk of infection, and those who should be vaccinated. It details prevention measures, answers common questions, and features a blend of clear text and friendly graphics. Also available in Spanish.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T37762A for English and T38323A for Spanish. Cost: Inquire when ordering.

All kids need hepatitis B shots, *Immunization Action Coalition/Hepatitis B Coalition, April 1998.*

The brochure tells parents all children birth-18 years of age need hepatitis B shots. It addresses the question, "Should I have my children vaccinated at school?" Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, email: admin@immunize.org. Use order code P4042. Cost: Single copies free.

Bloodborne Diseases: Nurses' Risks, Rights & Responsibilities, *American Nurses Association, June 1993.*

This brochure covers statistics and the risks, rights and responsibilities associated with HIV/AIDS and hepatitis B and C. It encourages the use of universal precautions and immunization against hepatitis B.

Ordering Information: American Nurses Association, (800) 274-4ANA. Use order code WP-2.
Cost: Up to 10 copies free. Multiple copies available for a small charge.

BIO Comics, *Merck Vaccine Division, 1994.*

This comic book, *Are you at risk for hepatitis B?*, narrates the story of a hospital worker's experience with acquiring the hepatitis B virus. It answers questions about hepatitis B and prevention. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

Every Week Hundreds of Teenagers Are Infected with Hepatitis B, *Immunization Action Coalition/Hepatitis B Coalition, May 1997.*

This easy-to-read brochure for teens and parents describes hepatitis B symptoms, transmission, and prevention. Also available in Cambodian, Chinese, Hmong, Korean, Laotian, Russian, Spanish, Tagalog, and Vietnamese. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4100. Specify language if other than English. Cost: Single copies free.

Every Week Thousands of Sexually Active People Get Hepatitis B, *Immunization Action Coalition/Hepatitis B Coalition, April 1998.*

This B brochure, targeted for adults describes the risk factors for hepatitis B. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, email: admin@immunize.org. Use order code P4112. Cost: Single copies free.

The First Loving Act - Vaccination, *Hepatitis B Foundation, 1996.*

This brochure is a message to adoptive parents. Although hepatitis B is a concern, especially with foreign adoptions, it is a vaccine-preventable disease. It also sensitively introduces the Hepatitis B Foundation as a resource for adoptive parents who need additional hepatitis B information and support.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free.

Get your Hepatitis B Vaccine. It Takes 3 Shots!, *New Jersey Department of Health and Senior Services, Immunization Program, October 1998.*

This easy to understand brochure uses a basketball theme to convey its hepatitis B prevention message to teenagers. The colorful brochure presents basic messages about hepatitis B virus, disease transmission, and disease prevention, and reminds the reader of other adolescent vaccinations needed.

Ordering Information: New Jersey Department of Health and Senior Services, Immunization Program, P.O. Box 369, Trenton, NJ 08625-0369, (609) 588-7512, fax (609) 588-7431. Limited quantities available. Cost: Free.

Hepatitis B, *Allegheny County Health Department, Division of Infectious Diseases, September 1998.*

This pamphlet provides information about hepatitis B and its transmission, risk factors, prevention, treatment, and long-range effects. Camera-ready copy is available.

Ordering Information: Division of Infectious Diseases, Allegheny County Health Department, 3441 Forbes Avenue, Pittsburgh, PA 15213, (412) 578-8060, fax (412) 578-8300. Use order code HBV 812-4. Cost: Free.

Hepatitis B, *Hepatitis Branch, Centers for Disease Control and Prevention, January 1996.*

This pamphlet discusses risk, transmission, symptoms, long-term effects, and the vaccine to prevent hepatitis B. It includes information on adolescent hepatitis B vaccination.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-4880. Cost: Free.

Hepatitis B, *ETR Associates, 1998.*

This informative pamphlet provides essential information on hepatitis B. It discusses symptoms, treatment, and preventive measures.

Ordering Information: ETR Associates, Attn: Pamphlet Samples, P.O. Box 1830, Santa Cruz, CA 95061-1830, (800) 321-4407. Use order code 003-L6. Send a business-size, self-addressed envelope (no postage required). Cost: Single copies free. Call for information on larger orders.

Hepatitis B - A Disease in Need of Prevention, *Merck Vaccine Division, 1994.*

This brochure discusses the types of viral hepatitis, focusing on hepatitis B. It describes symptoms, risk, complications of the disease, and the vaccine to prevent hepatitis B. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

Hepatitis B - An Unexpected Threat to Your Child's Life...You Can Prevent It, *Hepatitis Foundation International, 1996.*

This brochure describes the hepatitis B virus, transmission, and exposure, and encourages vaccination.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Hepatitis B & You-Is Your Older Child Protected? - About hepatitis B shots, *Channing L. Bete Company, Inc., July 1998.*

This brochure motivates parents to make sure their adolescent is up-to-date with his or her hepatitis B immunizations. It explains the serious damage that hepatitis B virus infection can cause, describes how infection occurs, and encourages the discussion of the benefits of sexual abstinence and not injecting drugs. Tells how to obtain vaccinations.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 31836. Cost: Inquire when ordering.

Hepatitis B Brochure for Adults and Children from Endemic Areas, *Immunization Action Coalition/Hepatitis B Coalition, May 1995.*

This brochure encourages people from moderate to high-risk areas of the world to be tested for hepatitis B, describes symptoms, transmission, and treatment of hepatitis B. Also available in Cambodian, Chinese, Hmong, Korean, Laotian, Russian, and Vietnamese. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4170. Specify language if other than English. Cost: Single copies free.

Hepatitis B: 100 Times Easier to Catch than HIV, *Immunization Action Coalition/Hepatitis B Coalition in collaboration with the Youth and AIDS Project, University of Minnesota, February 1997.*

This brochure serves to help gay men decide if they are at risk for hepatitis B and urges them to get vaccinated. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4115. Cost: Single copies free.

Hepatitis B - Stop the Spread, *Channing L. Bete Co., Inc., July 1996.*

This brochure explains how the hepatitis B virus is spread. It discusses symptoms, actions that increase risk of infection, candidates for vaccination, and answers common questions. It is presented in a blend of realistic illustrations and clear text. Also available in Spanish.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T45641A for English and T45658A for Spanish. Cost: Inquire when ordering.

Hepatitis B: The Sexually Transmitted Disease With No Cure, But There Is A Vaccine, *American Social Health Association, 1995.*

Some 300,000 Americans will contract hepatitis B every year. The disease can kill or last a lifetime, but a vaccine can prevent infection. This brochure provides information for professionals as well as patients.

Ordering Information: American Social Health Association, P.O. Box 13827, Research Triangle Park, NC 27709, (800) 783-9877, fax (919) 361-8425. Use order code #HEPB. Cost: For up to 499 copies, \$.26 each; 500-999 copies, \$.24 each; 1,000 or more copies, \$.22 each. Inquire when ordering for shipping and handling costs.

Hepatitis B: The Silent Epidemic, *American College Health Association, 1995.*

This brochure provides answers to the common questions about hepatitis B. Who gets it? How do you get it? What are the symptoms? How can I protect myself? Should I get vaccinated? It includes a clip-off immunization record.

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500. Use order code HS35. Cost: Inquire when ordering.

Hepatitis B: What Parents Need to Know, *American Academy of Pediatrics, 1995.*

This brochure explains the Academy's newest immunization recommendation and includes information on the disease and schedule for immunization.

Ordering Information: American Academy of Pediatrics, Publications Department, (800) 433-9016.
Cost: Inquire when ordering.

Hepatitis B Virus, *American College of Obstetricians and Gynecologists, October 1993.*

This consumer pamphlet discusses the effects of hepatitis B infection, its impact on pregnancy, testing for the virus, those at risk, and prevention measures.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Send request with a self-addressed, stamped envelope. Use order code AP093. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Is Your Liver Giving You the Silent Treatment?, *Hepatitis Foundation International, 1999.*

This pamphlet contains detailed information on the importance of the liver and how hepatitis can impact its functions.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Keep Safe From Hepatitis B, *Channing L. Bete Company, Inc., June 1998.*

This eight-page booklet encourages readers to learn more about hepatitis B. The booklet defines hepatitis B in simple terms, and explains that it is spread by body fluids. It describes the signs of hepatitis B, and discusses the hepatitis B vaccine. It clearly illustrates ways to protect oneself and loved ones.

Ordering Information: Channing L. Bete Company, Inc., 200 State Road, South Deerfield, MA 01373, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code 73066.
Cost: Inquire when ordering.

More Contagious Than AIDS...Hepatitis B, *Merck Vaccine Division, 1994.*

This brochure describes the seriousness of hepatitis B and includes a self-test to determine risk of contracting the disease. It discusses how it is transmitted and the option of vaccination. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

Ohio Perinatal Hepatitis B Prevention Program, *Ohio Department of Health, Immunization, Hepatitis B Staff, September 1997.*

This introduction to the Ohio Department of Health, Hepatitis B Prevention Program includes the answers to why perinatal hepatitis B intervention is necessary, what the program does, and how physicians can enroll.

Ordering Information: Ohio Department of Health, Immunization, Hepatitis B Program, 246 N. High Street, P.O. Box 118, Columbus, OH 43266-0118, (614) 466-4643, fax (614) 644-7740, e-mail: jbronowsk@gw.odh.state.oh.us. Cost: Single copies free or in packs of 50 free.

Pregnancy and Hepatitis B Prevention, *Allegheny County Health Department, November 1992.*

This pamphlet provides information about the disease and causative virus, transmission, risk factors, prevention, treatment, and long-range effects. Camera-ready copy available.

Ordering Information: Joan B. O'Dair, Allegheny County Health Department, 3441 Forbes Avenue, Pittsburgh, PA 15213. Cost: Free.

Protect Yourself and Those You Love against Hepatitis B, *Hepatitis B Foundation, 1996.*

This brochure promotes the message that hepatitis B is a vaccine-preventable disease. It describes the problem of hepatitis B, who is at greatest risk, and the importance of vaccination to stop the spread of this virus. A brief description about the vaccine is included.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free.

Providing Long-term Care Can Have Long-term Risks, *Merck Vaccine Division, 1991.*

This booklet summarizes key requirements of the Occupational Safety and Health Administration for reducing exposure to blood and other body fluids, and how they apply to you and your job. It provides important points about hepatitis B and AIDS, how contact with these viruses can occur on the job, and how to help protect yourself at work by following universal precautions. It also recommends discussing vaccination against hepatitis B with your physician. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

Someone You Know Has Hepatitis B, *Hepatitis B Foundation, 1996.*

This educational brochure provides an overview of hepatitis B, why it is a problem, how it is transmitted, potential consequences of infection, the importance of vaccination, and the fact that there is no cure. It also introduces the Hepatitis B Foundation whose goal is to find a cure and provide support to all of those impacted by this serious liver disease.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free.

Stay Free from Hepatitis B, *Channing L. Bete Co., Inc., May 1996.*

This brochure cites the dangers of hepatitis B to adults, children, and unborn babies. It covers protective measures and immunization - all in the lower reading level called Every Reader. Also available in Spanish.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T40428A for English and T40527A for Spanish. Cost: Inquire when ordering.

Viral Hepatitis, *Channing L. Bete Co., Inc., September 1995.*

This brochure describes the different types of viral hepatitis, modes of transmission, and symptoms. It explains treatment, prevention, and the need to seek medical attention promptly.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code S14985A. Cost: Inquire when ordering.

Viral Hepatitis: Everybody's Problem?, *American Liver Foundation, June 1995.*

This brochure discusses many issues concerning viral hepatitis, including the different types of viral hepatitis, their transmission, symptoms, treatment, complications, and prevention, and viral hepatitis in relation to cancer, AIDS, and pregnancy.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

What Do I Need To Know About Hepatitis B?, *National Institute of Diabetes and Digestive and Kidney Diseases, October 1997.*

This easy-to-read brochure provides information about the transmission, symptoms, testing, treatment, and prevention of the hepatitis B virus.

Ordering Information: National Digestive Diseases Information Clearinghouse, 2 Information Way, Bethesda, MD 20892-3570, (301) 654-3810, fax (301) 907-8906, email: nddic@info.niddk.nih.gov. Use order code 97-4228. Cost: Free.

What Health Care Workers Should Know about Hepatitis B, *Channing L. Bete Co., Inc., September 1996.*

Thousands of health care workers get hepatitis B each year. This booklet gives a clear understanding of how hepatitis B is spread, the risks it presents, the value of immunization, and the other steps health care workers can take to prevent infection.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code S37754A. Cost: Inquire when ordering.

What Hepatitis B Carriers Should Know, *Hepatitis B Foundation, 1996.*

This informative brochure is written specifically for those who have been diagnosed with hepatitis B. It discusses what it means to be a chronic carrier, understanding blood tests, the role of a carrier's health care provider, recommendations about diet and alcohol, special precautions, and vaccination of loved ones.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free.

What You Should Know about Hepatitis A, B & C, *American Liver Foundation, 1996.*

This colorful brochure provides information about transmission, risk, testing, and prevention in relation to hepatitis A, B, and C.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

You Are Not Alone!, *Sarah Jane Schwarzenberg, MD; University of Minnesota Department of Pediatrics and Karen Y. Wainwright, RN, BS, CCRA; Alaska Native Medical Center, December 1998.*

This two-page piece provides supportive answers to common questions regarding teens and young adults who have chronic hepatitis B infection. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4118. Cost: Single copies free.

FACT SHEETS AND CHARTS

Basic Facts About Adult Hepatitis B, *Immunization Action Coalition/Hepatitis B Coalition, November 1997.*

The sheets include a list of adult high-risk groups, interpretation of the hepatitis B panel, and tests to diagnose chronic hepatitis B, C, and D. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2112. Cost: Single copies free.

Does Your Patient Have Chronic Hepatitis B?, *Immunization Action Coalition/Hepatitis B Coalition, November 1997.*

This sheet provides questions and answers for providers. It includes a table on hepatitis B virus markers and their significance.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2162. Cost: Single copies free.

Hepatitis B Fact Sheet, *American Academy of Pediatrics, 1995.*

The materials include the recommended schedule for both HBsAG-negative and HBsAG-positive mothers, and has space for including comments and tracking this immunization. Comes in pads of 100. Also available in Spanish.

Ordering Information: American Academy of Pediatrics, Publications Department, (800) 433-9016. Use order code HE118. Cost: Members: \$12.50. Non-members: \$17.50.

Hepatitis B Fact Sheets, *National Foundation for Infectious Diseases, 1997.*

The three fact sheets were designed by the Hepatitis B Action Group of the National Coalition for Adult Immunization to target three different populations: adolescents, high-risk adults and health care providers who work with these groups. The fact sheets provide information on hepatitis B infection, who is at risk, and the availability of a vaccine to protect against the disease. They encourage health care providers to provide the vaccine to their adolescent and adult patients, and encourage patients to request the vaccine.

Ordering Information: NFID, Hepatitis B Fact Sheets, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228. Please indicate which fact sheets are being ordered. Cost: Single sample sets free. Multiple copies of each fact sheet are \$6.00 per 100. Orders must be prepaid.

Hepatitis B and the Health Care Worker, *Immunization Action Coalition/Hepatitis B Coalition, April 1998.*

This document provides information regarding how to protect health care workers. It includes post-exposure prophylaxis guidelines.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2109. Cost: Single copies free.

Sample Letter Explaining Hepatitis B Test Results to Patients, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

This letter includes an explanation of patients' results and instructions for the patient. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4140. Cost: Single copies free.

Tracking Hepatitis B Patients and Contacts, *Immunization Action Coalition/Hepatitis B Coalition, November 1998.*

This manual is a tracking system for high-risk families, which includes a patient flow sheet to track those who are chronically infected with hepatitis B virus. It includes a testing and vaccination sheet for tracking household members and their sexual contacts with those who have hepatitis B virus infection. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2180. Cost: Single copies free.

NEWSLETTERS

B Informed, *Hepatitis B Foundation, Quarterly.*

The *B Informed* newsletter includes articles and information important to those affected by hepatitis B. Each issue features a "Drug Watch" which either introduces new research or updates current treatments that are in clinical trials. In addition, news about the Hepatitis B Foundation activities are covered.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free, but a membership donation of \$35.00 is appreciated.

Global Perspectives on Hepatitis, *Program for Appropriate Technology in Health.*

Global Perspectives, the newsletter of the International Task Force on Hepatitis B Immunization and the Program for Appropriate Technology in Health, meets an expressed need for a publication that establishes a network among experts in the hepatitis field and provides the international health community with information on current hepatitis-related developments. It is intended for health personnel in developing countries, vaccine manufacturers, international health organizations, and donors. It contains information on immunization programs, applied vaccinology studies, technology transfer activities, vaccine manufacturing developments, and progress made worldwide on the control of hepatitis B. No longer published. Most back issues available in English, French, and Spanish.

Ordering Information: Global Perspectives Editor, Program for Appropriate Technology in Health, 4 Nickerson Street, Seattle, WA 98109-1699. Cost: Free.

Hepatitis Alert, *Hepatitis Foundation International, Quarterly.*

Hepatitis Alert, published by the Hepatitis Foundation International, includes articles which address the many issues surrounding viral hepatitis, including vaccination against hepatitis A and B.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Hepatitis Weekly, *CW Henderson, Publisher, Weekly.*

Hepatitis Weekly focuses on hepatitis A, B, C, D, and E, as well as non-A and non-B hepatitis. Topics include vaccines, OSHA regulations, transmission, incidence, infection control, therapies, and much more. This newsweekly provides quick, encapsulated reports of the latest research and issues on a worldwide scale each week. 45 issues/year.

Ordering Information: CW Henderson, P.O. Box 830409, Birmingham, AL 35283-0409, (800) 633-4931, fax (205) 995-1588. Cost: \$1,359.00 for one year. Sample issue available.

Needle Tips & the Hepatitis B Coalition News, *Immunization Action Coalition/Hepatitis B Coalition, Bi-annual.*

This semi-yearly publication focuses on hepatitis B and all other vaccine-preventable diseases. Regular features include new vaccine recommendations from the Centers for Disease Control and Prevention and major national medical groups, current vaccine information such as cost, dosing and schedules, "Ask the Experts," which provides answers to immunization and hepatitis B questions submitted by readers, "News from Around the Country," which highlights special projects, materials, and new legislation, and camera-ready copies of patient education brochures and provider education pieces.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code N1001. Cost: Free, but a yearly contribution of \$25.00 is appreciated.

POSTERS

Hepatitis B: A Couple with A Lot in Common, *American Social Health Association, 1996.*

Guaranteed to draw attention, this 16" x 20" poster explains that AIDS and hepatitis B can both be prevented with condom use, and that a vaccine can also prevent the spread of hepatitis B.

Ordering Information: American Social Health Association, P.O. Box 13827, Research Triangle Park, NC 27709, (800) 783-9877. Use order code #HEPB-P. Cost: For 1-24 copies, \$3.00 each; 25-99 copies, \$2.25 each; 100 or more copies, \$1.50 each. Inquire when ordering for shipping and handling costs.

Roll Up Your Sleeves, *North Carolina Department of Health, 1997.*

This 11" x 17" full-color poster displays a diverse trio of adolescents showing off their hepatitis B shots.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code Q2010. Cost: Single copies free. \$1.00 for 10 posters.

REPORTS

A Review of Adolescent School-Based Hepatitis B Vaccination Projects, *ETR Associates, Demonstration Projects, and Centers for Disease Control and Prevention, October 1996.*

This 115-page report presents an overview of the 13 demonstration projects and discusses the participation rates, educational issues, incentives, evaluation, and recommendations for future projects. It also contains a directory of hepatitis coordinators for state programs.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 0995126. Limited quantities available. Cost: Free.

"Hepatitis B," Health Technologies DIRECTIONS, *Program for Appropriate Technology in Health, Vol. 6, No. 3, 1986.*

This 12-page publication summarizes information on hepatitis B, prevention, and program management. Although it was written primarily for developing world decision makers and health program managers, it has clearly written information on the course of the disease, transmission, and diagnosis. Also available in French.

Ordering Information: Health Technology DIRECTIONS Editor, Program for Appropriate Technology in Health, 4 Nickerson Street, Seattle, WA 98109-1699. Cost: Free.

Hepatitis B Virus: A Comprehensive Strategy for Eliminating Transmission in the United States through Universal Childhood Vaccination, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 40, RR-13, 1991.*

This statement updates all previous recommendations on protection against hepatitis B virus infection, including the use of hepatitis B vaccine and hepatitis B immune globulin for prophylaxis against hepatitis B virus infection and universal screening of pregnant women to prevent perinatal hepatitis B virus transmission. This document provides the rationale for a comprehensive strategy to eliminate transmission of hepatitis B virus in the United States.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6093. Single copies only. Cost: Free.

Managing a Hepatitis B Prevention Program, *State Hepatitis Coordinators and the Centers for Disease Control and Prevention, 1996.*

This 62-page manual shares the collective experience and ideas of successful state program coordinators to assist others who may be implementing new programs or who are looking for ways to improve current activities. The manual discusses such issues as information transfer, state laws and regulations, tracking, perinatal case identification, evaluation, and adolescent programmatic issues.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5127. Limited quantities available. Cost: Free.

Update: Recommendations to Prevent Hepatitis B Virus Transmission - United States, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 44, No. 5, 1995.*

In October 1994, the Advisory Committee on Immunization Practices, approved recommendations expanding the vaccination strategy to eliminate hepatitis B virus (HBV) transmission in the United States. The recommendations include vaccination of all unvaccinated children 11 years old and younger who are Pacific Islanders or who reside in households of first-generation immigrants from countries where HBV is of high or intermediate endemicity. It also recommends vaccination of all 11-12 year-old children who have not previously received hepatitis B vaccine.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6546. Single copies only. Cost: Free.

SLIDE SETS

Epidemiology and Prevention of Viral Hepatitis A to E: An Overview, *Hepatitis Branch, Centers for Disease Control and Prevention, 1995.*

This slide set with accompanying text covers the epidemiology and prevention of hepatitis A, B, C, D, and E.

Ordering Information: NTIS, (800) CDC-1824. Use order code AVA19847SSOO. Cost: \$65.00 plus \$6.00 for shipping and handling.

TEACHING MATERIALS

Clinical Practice Guidelines for Viral Hepatitis, *American Medical Association, 1995.*

This self-instructional video, CME program, is intended to provide clinical practice guidelines for the prevention, treatment, management, and diagnosis of viral hepatitis. The video and accompanying written material provide descriptions of the five viruses causing viral hepatitis and identifies the risk factors predisposing viral hepatitis. This CME offering meets the criteria for two hours of Category I of the Physicians' Recognition Award of the American Medical Association.

Ordering Information: American Medical Association, (800) 621-8335. Use order code #OP911095RX.
Cost: Members: \$39.95. Non-members: \$59.95.

Immunization of Adolescents with Hepatitis B Vaccine, *Hepatitis Branch and National Immunization Program, Centers for Disease Control and Prevention, 1997.*

This educational resource is for use by health care providers to train clinic staff involved in delivering immunization services, specifically hepatitis B vaccination. It contains six sections with appendices and two slide sets, one on adolescent hepatitis B and one on general adolescent immunization.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6608. Limited quantities available. Cost: Free.

Primer for Teachers - Quick and Easy Liver Wellness, *Hepatitis B and Substance Abuse Prevention Messages, Hepatitis Foundation International, 1996.*

The purpose of this primer for teachers is to help students understand how valuable their liver is to their health and well being, and to provide basic information to help them avoid liver damaging behaviors and accept the hepatitis B vaccination. Messages are tailored to children in K through 6th grade and 7th through 12th grade.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

VIDEOTAPES

Benh Viem Gen B vs Gia Dinh Bac Tam (translated - Hepatitis B and Uncle Tam's Family), *Vietnamese Community Health Promotions Project, San Francisco, 1995.*

(16 minutes) This Vietnamese language video is a series of ten one-minute public service announcements (PSA's). Although designed as separate PSA's for Vietnamese television, this series is also effective if run as one piece. Vietnamese actors dramatize real-life situations about hepatitis B in the Vietnamese community that cover the importance of prenatal testing and vaccination for babies, the schedule for hepatitis B vaccination, how hepatitis B is spread in households, hepatitis B, the sexually transmitted disease, blood testing for hepatitis B, the importance of knowing your hepatitis B status, how to protect older children from hepatitis B, and hepatitis B as a cause of liver cancer. An English script accompanies this video.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V4030. Cost: \$10.00.

From Mother to Child: A Cycle of Tragedy, *National Immunization Program, Centers for Disease Control and Prevention, March 1993.*

This video provides information on hepatitis B for health care workers.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-4149. Limited quantities available. Cost: Free.

Get the Facts, Then Get the Vax, *American School Health Association, 1995.*

Presents hepatitis B information for high school students. May be used in a variety of settings.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V3015. Cost: \$10.00.

Hepatitis B, *Universal Health Communications, 1989/1990.*

(10 minutes) This video provides a description of hepatitis B including how hepatitis B is contracted, its impact on the body, and common symptoms. Procedures for diagnosing hepatitis B are shown. Medical consultation/testing is recommended for persons of ethnic and age groups at greater risk. Also available in Cambodian, Hmong, Laotian, Portuguese, Spanish, and Vietnamese.

Ordering Information: Universal Health Communications, 1200 S. Federal Highway, Suite 202, Boynton Beach, FL 33435, (561) 731-5881 or (800) 229-1842, fax (561) 731-5877. Use order code NCAI-4. Please specify language. Cost: \$20.00.

Hepatitis B - A Family's Story, *Immunization Action Coalition/Hepatitis B Coalition, 1995.*

(15 minutes) A pregnant woman learns she is a hepatitis B carrier, and her physician invites the patient's extended family in for a conference, bringing the disease into a family context. This video promotes testing of all Asian people and vaccination of children and susceptible adults. Cambodian and English scripts accompany video. Dubbed into Cambodian.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V4025. Cost: \$10.00.

Kev Koom Siab - Immunizations and Hepatitis B, *Immunization Action Coalition/Hepatitis B Coalition, Part One, 1992; Part Two, 1991.*

This two-part video, in Hmong with English subtitles, is a KTCI public TV production. Part One, Kev Koom Siab-Immunization for the Hmong--What's Needed? (1992, 27 minutes), includes Hmong health care workers discussing the importance of immunization for adults and children, the diseases prevented, and the recommended schedules for vaccination. Part Two, Kev Koom Siab--Hepatitis B in the Hmong Community (1991, 27 minutes), includes Hmong health care workers discussing the importance of hepatitis B testing and immunization. Both parts include footage of children and adults receiving vaccinations. This video is excellent for use in group settings and waiting rooms.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V4020. Cost: \$10.00.

Our Family, Our Strength, *American Liver Foundation, 1986.*

(19 minutes) This video on hepatitis B is narrated by the late Dr. Haing Ngor, a Cambodian physician who starred in the film, *The Killing Fields*. The video is for English-speaking Asian Americans who want to learn about hepatitis B. Also included in the video is an interview with a pregnant woman who is a hepatitis B carrier. The interview is conducted by W. Thomas London, MD of the Fox Chase Cancer Institute in Philadelphia

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V4001. Cost: \$10.00.

Partnership for Prevention, *SmithKline Beecham, 1995.*

This hepatitis B video targets 11 and 12 year olds. The video can be shown in classrooms, clinics, etc., but may not be broadcast on television.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code V3012. Cost: \$10.00.

"Someone You Know", *Hepatitis B Foundation, 1994.*

This hepatitis B virus (HBV) educational video is introduced by Dr. Nancy Snyderman, formerly of ABC's Good Morning America. The goal of the video is to provide education about hepatitis B and to sensitize the public to the specific concerns of both adult HBV carriers and parents of children with HBV. Community groups, adoption agencies, health care providers, and individual families can benefit from this informative videotape.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Orders must be prepaid. Cost: \$10.00.

MISCELLANEOUS RESOURCES

The ABC's of Hepatitis, *Hepatitis Foundation International, 1999.*

This information sheet discusses Hepatitis A-E, the incubation period for the viruses, how they are spread, symptoms, treatments, vaccines, risk factors, and prevention.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Basic Knowledge About Hepatitis B, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

This information sheet contains a list of high-risk groups, interpretation of the hepatitis B panel, and the tests needed to diagnose chronic hepatitis B, C, and D. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2110. Cost: Single copies free.

Caring for Your Liver, *Hepatitis Foundation International, 1999.*

This sheet discusses the importance of liver functions as well as proper dietary guidelines for the hepatitis challenged individual.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Compliance Assistance Guideline for the February 27, 1990, OSHA Instruction CPL 2-2.44B Enforcement Procedures for Occupational Exposure to Hepatitis B and Human Immunodeficiency Virus, *American College Health Association, May 1992.*

The intent of this guideline is to offer employers assistance in understanding the Occupational Safety and Health Administration's (OSHA) requirements for preventing occupational exposure to hepatitis B virus (HBV) and human immunodeficiency virus (HIV). OSHA Instruction CPL 2-2.44B sets forth the enforcement procedures and interpretations of OSHA requirements with respect to the protection of workers who are exposed to blood or other potentially infectious materials.

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500. Single copies only. Cost: Free.

Diagnosis and Treatment, *Hepatitis Foundation International, 1999.*

This information sheet discusses the diagnosis of hepatitis A-C, as well as the most recent treatments available.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

Engerix-B (Hepatitis B Vaccine, Recombinant), *SmithKline Beecham Pharmaceuticals.*

SmithKline Beecham Pharmaceuticals offers a multitude of hepatitis B-related support services and materials such as videotapes, slides, and brochures for educating employees, manuals for step-by-step guidance to OSHA compliance, computer software vaccine tracking tools, posters and flyers, and consultant services to assist with developing a bloodborne pathogens program.

Ordering Information: SmithKline Beecham Pharmaceuticals, (800) 826-8898. Cost: Free.

Healthy Asian Pacific Islander (H.A.P.I.) Kids - "How To" Manual and Video Kit for Child and Adolescent Catch-up Hepatitis B Vaccination Program, *National Immunization Program, Centers for Disease Control and Prevention, 1997.*

This kit, containing a 55-page manual with appendices and 12-minute video, is based on the experience of three Asian and Pacific Islander hepatitis B vaccination demonstration projects conducted in San Diego, Philadelphia, and Honolulu between 1995 and 1997. The primary audience for this material is health officers, administrators, program planners, and coordinators. The information provides the audience with a quick overview for planning, implementing, and evaluating a catch-up program for Asian and Pacific Islander children and adolescents. Appendices are translated into a variety of Asian languages.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5132. Cost: Free.

Hepatitis A & B Vaccination, *Hepatitis Foundation International, 1999.*

Detailed information sheet on Hepatitis vaccinations.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$.50 each.

Hepatitis Awareness Month Packet, *Hepatitis Foundation International, Annual.*

Written for the lay person, HFI's packet provides important information for health care providers to use when talking with hepatitis patients and their loved ones, and informs the public about the silent threat of hepatitis. This special packet includes the most current information on hepatitis A and B vaccination and three eye-catching posters. Hepatitis Awareness Month is observed yearly in May.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$10.00.

Hepatitis B, *American Liver Foundation, 1995.*

This information sheet answers questions about hepatitis B, and details issues such as protection, risk, transmission, symptoms, treatment, testing, pregnancy, and the vaccine to prevent hepatitis B.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

Hepatitis B, *Hepatitis Foundation International, 1999.*

This information sheet discusses hepatitis B symptoms, transmission, treatment, prevention, and vaccination.

Ordering Information: Hepatitis Foundation International, 30 Sunrise Terrace, Cedar Grove, NJ 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: \$.50 each.

Hepatitis B and Adoption, *Immunization Action Coalition/Hepatitis B Coalition, October 1997.*

Medical, social and emotional issues surrounding hepatitis B and adoption are addressed in pieces written by Jerri Ann Jenista, MD and S.J. Schwarzenberg, MD. Individuals at risk of acquiring hepatitis B are encouraged to get vaccinated.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4152. Cost: \$5.00.

Hepatitis B Immunization for Adolescents, *American College of Obstetricians and Gynecologists, June 1997.*

This ACOG Committee Opinion from the Committee on Adolescent Health Care presents guidelines and rationale for immunizing adolescents with hepatitis B vaccine.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, P.O. Box 96920, Washington, DC 20090-6920, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Committee Opinion 184. For multiple copies contact ACOG Distribution Center, P.O. Box 4500 Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Hepatitis B Vaccination, *American Liver Foundation, January 1995.*

This information sheet discusses the vaccine to prevent hepatitis B. It lists vaccination recommendations, an immunization schedule, and possible testing outcomes.

Ordering Information: American Liver Foundation, 1425 Pompton Avenue, Cedar Grove, NJ 07009, (800) 223-0179, fax (201) 256-3214. Cost: \$.50 each. For multiple copies, inquire when ordering.

Hepatitis B Vaccine Consent Form, *U.S. Department of Health and Human Services, Public Health Service, May 1995.*

This consent form provides the patient with important information about the hepatitis B vaccine. The bottom portion of the form is a tear-off, signed consent for office files.

Ordering Information: Available through each state department of health. Cost: Free.

Hepatitis B Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, May 1996.*

This information sheet discusses the vaccine, who is at risk, and the appropriate times to be vaccinated.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5327. Limited quantities available. Cost: Free.

Hepatitis in Pregnancy, *American College of Obstetricians and Gynecologists, February 1993.*

This 10-page technical bulletin reviews the different forms of viral hepatitis and discusses etiology, epidemiology, and history. It discusses the vaccines available for hepatitis A and B, clinical manifestations, diagnosis, management, and precautions for health care workers.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Technical Bulletin 174. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Hotsheet, *Hepatitis B Foundation, June 1996.*

This sheet includes a summary of hepatitis B virus treatment, research updates, important resources, and a glossary of medical terms associated with the disease.

Ordering Information: Hepatitis B Foundation, 700 East Butler Avenue, Doylestown, PA 18901, (215) 489-4900, fax (215) 489-4920, e-mail: info@hepb.org. Cost: Free.

An Introduction to Hepatitis B for Parents of Adopted Children, *S.J. Schwarzenberg, MD, University of Minnesota, September 1994.*

This information sheet answers hepatitis B questions asked by parents who are adopting children from high-risk areas of the world. It includes hepatitis B testing and treatment information and other resources. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4150. Cost: Single copies free.

If you are a hepatitis B carrier, *Immunization Action Coalition/Hepatitis B Coalition, December 1995.*

This information sheet describes how the carrier can take care of him/herself and protect others from hepatitis B infection. Camera-ready copy. Available in English, Spanish, Chinese, and Hmong.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4120. Cost: Single copies free.

Management of Chronic Hepatitis B in Children and Adults, Coleman Smith, MD, Brian McMahon, MD, Hari Conjeevaram, MD, and Sarah Jane Schwarzenberg, MD, compiled October 1997.

In this eight-page compilation, four liver experts share their management guidelines for chronic hepatitis B. Individuals at risk of acquiring hepatitis B are encouraged to get vaccinated.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2164. Cost: \$5.00.

No Risk?? No Way!!, reprinted from *Hepatitis B Coalition News*, September 1994.

This reprint reviews unusual transmissions of hepatitis B in low-risk individuals, and includes persuasive arguments for vaccinating babies and teenagers against hepatitis B. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2100. Cost: Single copies free.

Questions Frequently Asked about Hepatitis B, Deborah Wexler, MD, *Immunization Action Coalition/Hepatitis B Coalition*, September 1996.

This question and answer piece about hepatitis B was written in response to the letters sent to Dr. Wexler after her hepatitis B letter appeared in a syndicated Dear Abby column. Camera-ready copy. Available in English and Spanish.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4090. Cost: Single copies free.

Recommended Dosages of Hepatitis A and B Vaccines, *Immunization Action Coalition/Hepatitis B Coalition*, October 1998.

This list includes the dosages of the hepatitis A and B vaccines for infants to adults based on vaccine brand. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P2081. Cost: Single copies free.

Roll Up Your Sleeves Manual and Video Kit, *American School Health Association*, 1995.

This kit, containing a 180-page manual and a nine-minute video, is a culmination of three years of experience providing hepatitis B education and vaccination in the San Francisco Unified School District. The manual offers strategies for addressing each important target group, describes clinical issues and evaluation, and provides template forms, including parental consent and refusal forms in three languages. The video targets school and health personnel who may need to be educated about hepatitis B virus infection and convinced of program feasibility.

Ordering Information: American School Health Association, 7263 State Route 43, Kent, OH 44240, (330) 678-1601, fax (330) 678-4526. Cost: \$10.00.

Tips on Coping with Chronic Hepatitis, *Hepatitis Foundation International*, 1999.

This information sheet discusses Chronic Hepatitis, the importance of vaccinations, proper diet, the dangers of alcohol, and the importance of support groups.

Ordering Information: HFI, 30 Sunrise Terrace, Cedar Grove, New Jersey 07009-1423, (800) 891-0707, fax (973) 857-5044, email: HFI@INTAC.com. Cost: Inquire when ordering.

INFLUENZA

BROCHURES AND PAMPHLETS

About Flu, *Channing L. Bete Co., Inc., August 1990.*

This brochure explains the causes of flu and presents information on prevention, symptoms, and treatment. It includes a discussion of vaccines.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code S12427A. Cost: Inquire when ordering.

Facts about Influenza, *American Lung Association, October 1994.*

This pamphlet presents basic facts and figures about influenza. It also includes information about reactions to the vaccine, recurrence rates, and key points to remember.

Ordering Information: Contact your local American Lung Association office. Call (800) 586-4872 to find the nearest location. Use order code #0319C. Cost: Free.

FluStop at Work Questions and Answers, *American Lung Association of Minnesota and Blue Cross Blue Shield of Minnesota, July 1996.*

This colorful, tri-fold brochure addresses the most commonly asked questions about influenza.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, email: mdrake@alamn.org. Cost: \$.20 each plus shipping and handling. Orders under \$10 must be prepaid.

Immunization is Health Protection for Adults, *New Jersey Department of Health and Senior Services, March 1996.*

This brochure presents easy-to-read information on influenza and pneumococcal disease and the vaccines available for older adults to prevent these diseases.

Ordering Information: New Jersey Department of Health and Senior Services, Immunization Program, P.O. Box 369, Trenton, NJ 08625-0369, (609) 588-7512, fax (609) 588-7431. Limited quantities available. Cost: Free.

Influenza: A Serious Medical Illness, *National Foundation for Infectious Diseases, Fall 1997.*

This brochure provides basic, easy-to-read information about influenza and its consequences. It communicates the importance of vaccination, discusses how the vaccine works, and who should receive the vaccine.

Ordering Information: National Foundation for Infectious Diseases, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228. For single copies, send a 6" x 9" envelope with \$.55 postage. Cost: Single copies free. \$24.00 for box of 500.

Influenza Loves a Crowd, *Wyeth-Ayerst Laboratories, April 1995.*

This pamphlet addresses what you need to know to prevent the flu.

Ordering Information: Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code FLU:23R. Cost: Free.

Managing Your Health: Influenza, *The Center for Health Outcomes and Evaluation, Fall 1996.*

This flip-book walks patients through important facts and information regarding influenza. It gives a brief, non-medical definition of influenza and discusses prevention of influenza via immunization, possible flu symptoms, and home remedies. The book encourages the reader to contact and talk with their physicians and follow recommended advice. The brochure cites common questions and answers regarding the flu shot.

Ordering Information: Michigan Peer Review Organization, 40600 Ann Arbor Road, Suite 200, Plymouth, MI 48170, (800) 365-5899. Cost: Free.

Medicare Pays for Flu Shots, *Health Care Financing Administration, 1995.*

This brochure answers basic questions about influenza and the flu shot. It lists five reasons why you should get a flu shot if you have Medicare.

Ordering Information: Office of the Administrator for External Affairs, Health Care Financing Administration, U.S. Department of Health and Human Services, HHH Building, Room 307H, 200 Independence Avenue, SW, Washington, DC 20201, Attention: Flu. Cost: Free.

Pneumonia, Influenza, Tetanus - Immunizations for Persons Age 65 and Older, *American Lung Association of South Dakota and the Flu Coalition, Fall 1996.*

This easy-to-read brochure explains pneumococcal, influenza, and tetanus vaccines, who should be vaccinated and the reasons why.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

Protect Yourself against Influenza & Pneumococcal Pneumonia, *State of Wisconsin Department of Health and Social Services, August 1989.*

This colorful, fold-out pamphlet about influenza and pneumococcal pneumonia discusses prevention and who should be immunized against these diseases that can lead to serious complications and possibly death.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

Protecting Your Family From Influenza, *Association for Professionals in Infection Control and Epidemiology, Inc., October 1998.*

This brochure contains information about influenza, and discusses the vaccine to prevent the disease, who should be vaccinated, side effects, and tips on avoiding the flu.

Ordering Information: APIC, 1275 K Street NW, Suite 1000, Washington, DC 20005-4006, (202) 789-1890, fax (202) 789-1899, email: APICinfo@APIC.org. Cost: Members: 10 for \$3, 50 for \$12, 100 for \$22, 500 for \$105, 1000 for \$200. Non-members: 10 for \$4, 50 for \$15, 100 for \$30, 500 for \$125, 1000 for \$260.

What to do...Colds & Flu, *Hope Publications, 1993.*

This self-care brochure lists reasons to consider getting a flu shot as well as guidelines for when to contact your physician.

Ordering Information: Hope Publications, (800) 334-4094, ext. 1014. Use order code Item #119. Cost: Inquire when ordering.

What You Should Know about the Flu, Channing L. Bete Co., Inc., April 1996.

This brochure explains causes, prevention, symptoms, and treatment of the flu, and includes a discussion of vaccines. It is presented in an easy-to-read format with graphics and simple text.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464, email: custsvcs@channing-bete.com. Use order code T12427A. Cost: Inquire when ordering.

You and the Flu, South Carolina Coalition for Older Adult Immunization, 1996.

This easy-to-read brochure targets the Medicare population and stresses the importance of an annual flu shot. It answers common questions about the flu shot, who should receive a flu shot, and locations where the shot can be obtained.

Ordering Information: Carolina Medical Review, 250 Berryhill Road, Suite 101, Columbia, SC 29210, (800) 922-3089, fax (803) 731-8229. Cost: Free.

FACT SHEETS AND CHARTS

Flu Fact Sheet, National Coalition of Hispanic Health and Human Services Organizations (COSSMHO), October 1997.

This two-page fact sheet provides important information about the influenza vaccine in an easy-to-read question and answer format. The *Flu Fact Sheet* was developed with a Hispanic audience in mind. Also available in Spanish.

Ordering Information: COSSMHO, c/o Vacunas desde la cuna, 1501 16th Street, NW, Washington, DC 20036, (202) 387-5000, fax (202) 797-4353. Cost: Free.

NEWSLETTERS

Influenza News, American Lung Association, Annual.

This four-page newsletter discusses who to immunize and when, side effects, and adverse reactions. The newsletter also outlines antiviral recommendations. *Influenza News* is updated annually.

Ordering Information: Contact your local American Lung Association office. Call (800) 586-4872 to find the nearest location. Use order code #1260C. Cost: Free.

POSTERS

Flu Shots Aren't Just for Kids, South Carolina Coalition for Older Adult Immunization, 1997.

This 11" x 17" poster showcases children asking their grandparents to receive a flu shot. The target population is Medicare Beneficiaries.

Ordering Information: Carolina Medical Review, 250 Berryhill Road, Suite 101, Columbia, SC 29210, (800) 922-3089, fax (803) 731-8229. Cost: Free.

Influenza Loves a Crowd, Wyeth-Ayerst Laboratories, August 1994.

This wall poster states "Influenza Loves a Crowd. Get a flu shot today! Ask your health care provider if you are a candidate."

Ordering Information: Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code FLU:24. Cost: Free.

"It's Flu Season Again", *Hawaii Immunization Program, Annual.*

This bus poster features a message about flu prevention in English and eight other languages. A diskette will be provided in Quark Express with a sample smaller-sized poster copy. Information can be customized for use by other agencies. Source reference is requested if used in other states.

Ordering Information: Department of Health, Immunization Program, 1250 Punchbowl Street, Fourth Floor, Honolulu, HI 96813, email: jsj@hgea.org. Orders taken via email only. Cost: Free.

Shoo the Flu (It's Flu Shot Time), *American Lung Association of South Dakota, Fall 1996.*

This sample poster can be used to announce dates, times, and locations of flu shot clinics.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

What to do...Colds & Flu, *Hope Publications, 1990.*

This 11" x 17" poster lists symptoms of the common cold and flu and encourages vaccination. It can be tacked up at workstations, the back of cabinets, on a portion of a cork board, or on the refrigerator at home. When folded in half it fits neatly into a 9" x 12" standard envelope. The flip side is also a poster full of information. It serves as a perfect reference and reminder for a hectic schedule.

Ordering Information: Hope Publications, (800) 334-4094 ext. 1014. Use order code Item #52. Cost: Inquire when ordering.

When Flu Strikes, *Parke-Davis Division of Warner-Lambert Co., July 1996.*

This four-colored poster states "When Flu Strikes, what will it cost you?"

Ordering Information: Warner-Lambert Company, 4914 Lambert Place, Dublin, VA 24084, fax (540) 674-3210. Use order code 33-PO-0222-A1. Cost: Free.

REPORTS

Influenza Immunizations Paid For by Medicare, *Health Care Financing Administration, October 1996.*

This report is a summary of information on influenza immunizations paid for by the Medicare program in 1995 and is part of the Health Care Financing Administration's continuing effort to educate the public about Medicare services and to encourage beneficiaries to use the services to improve their health.

Ordering Information: Health Care Financing Administration's Statistical Information Hotline, (410) 786-3689. Use order code HCFA Pub. No. 03390. Cost: Inquire when ordering.

Prevention and Control of Influenza, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 46, No. RR-9, 1997.*

These recommendations update information on the vaccine and antiviral agents available for controlling influenza during the 1996-97 influenza season (superseding MMWR 44 (No. RR-3) 1995: 1-22). The principal changes include information about the influenza virus strains included in the trivalent vaccine for 1996-97 and extension of the optimal time for influenza vaccination campaigns for persons in high-risk groups. This information is updated yearly.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6632. Single copies only. Cost: Free.

TEACHING MATERIALS

Influenza Prevention: A Community and Healthcare Worker Education Program, *Association for Professionals in Infection Control and Epidemiology, Inc.*

A turnkey education package designed for use in community health and healthcare worker education. Everything necessary for implementing a successful program is contained in this package including an instructor guide and lesson plan, handouts, PowerPoint slide presentation (on disk), transparency masters, promotional flyer, and press release template

Ordering Information: APIC, 1275 K Street N.W., Suite 1000, Washington, DC 20005-4006, (202) 789-1890, fax (202) 789-1899, email: APICinfo@APIC.org. Cost: Members: \$22. Non-members: \$28.

VIDEOTAPES

Medicare Billing Made Easy for Influenza and Pneumococcal Pneumonia Vaccinations, *Health Care Financing Administration, October 1996.*

(22 minutes) This video and accompanying 40-page guide inform health care providers, hospitals, public health departments, nursing homes and others on how to enroll as Medicare providers and bill Medicare for flu and pneumococcal vaccinations using the roster billing method.

Ordering Information: Karen Lewis, Casals and Associates, Crystal Park Three, Suite 814, 2231 Crystal Drive, Arlington, VA 22202, (703) 920-1234, fax (703) 920-5750. Cost: Inquire when ordering.

MISCELLANEOUS RESOURCES

Adult Vaccine Administration Record for Influenza, Pneumococcal, and/or Tetanus-Diphtheria Vaccines, *Minnesota Department of Health, July 1996.*

This one-page form is intended to be used in conjunction with the vaccine information statements to provide a space for the vaccine recipient to acknowledge receipt of the information about the disease, the vaccine they are about to receive and the intended use of the personal identifying information being collected. It also provides space for the clinic to record information about the vaccine (e.g., lot number, manufacturer, etc.) and the vaccinee, including their Medicare number. This form is based on a discontinued version developed by the Centers for Disease Control and Prevention. Also available in Amharic, Hmong, Russian, Serbo-Croatian, Somali, Spanish, and Vietnamese.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single camera-ready copy with reference to "Minnesota Department of Health" changed to "state health department" may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

"Ask Me About Flu Shots", *American Lung Association of Minnesota, 1988.*

This three-inch, red and white button encourages patients and the public to ask you, the wearer, about flu shots. It has been used in a variety of settings across the U.S. The design is also available on t-shirts and sweatshirts.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, e-mail: mdrake@alamn.org. Cost: Contact for 1999 pricing.

Clueless or Flu-less, *American Lung Association of Minnesota and Blue Cross Blue Shield of Minnesota, July 1996.*

This colorful payroll stuffer serves as a reminder to get an annual flu shot.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, email: mdrake@alamn.org. Cost: \$.10 each plus shipping and handling. Orders under \$10 must be prepaid.

Fighting the Flu, *Parke-Davis Division of Warner-Lambert Co., August 1996.*

This button-on-a-card includes a 2½" colorful button of a syringe with boxing gloves attached to a card containing a message stressing prevention of influenza by encouraging influenza vaccination.

Ordering Information: Warner-Lambert Company, 4914 Lambert Place, Dublin, VA 24084, fax (540) 674-3210. Use order code 33-RI-0401-A1. Cost: Free.

Flu Immunization Provider Tool Kit, *California Medical Review, Inc., Fall 1996.*

This comprehensive flu immunization tool kit for health care providers includes information on talking to patients about flu shots, billing Medicare, and setting up office-based immunization systems. The kit also includes medical chart stickers, patient education brochures, posters, and postcards targeted primarily to Medicare beneficiaries. The theme of the patient materials is "Think you don't need a flu shot? Think again." Patient education materials can be ordered separately. Also available in Spanish.

Ordering Information: California Medical Review, Inc., 60 Spear Street, Suite 400, San Francisco, CA 94105. Cost: Free.

Flu Shot Awareness Sticker, *South Carolina Coalition for Older Adult Immunization, 1997.*

This sticker was designed to be given to patients after they receive their flu shot. It is designed for South Carolinians by stating "Help Make South Carolina Flu-Free! Get Your Flu Shot, I Got Mine Today!"

Ordering Information: Carolina Medical Review, 250 Berryhill Road, Suite 101, Columbia, SC 29210, (800) 922-3089, fax (803) 731-8229. Cost: Free.

FluStop at Work, *American Lung Association of Minnesota and BlueCross BlueShield of Minnesota, July 1996.*

This colorful resource kit helps employers implement flu prevention programs. The *FluStop at Work* kit includes a coordinator's idea booklet and a sample brochure, poster, table tent, and payroll stuffer. Shirts, band-aid strips, and "I got my Flu Shot" stickers are also available. Sample materials are available to purchase in quantities.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, e-mail: mdrake@alamn.org. Cost: \$5.00. Orders must be prepaid.

Flu Vaccine Candidate Sticker, *Wyeth-Ayerst Laboratories.*

This chart-flagging sticker states "Flu Vaccine Candidate."

Ordering Information: Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code TU:220E. Cost: Free.

Get Your Flu Shot Sticker, *American Lung Association of South Dakota, Fall 1996.*

This sticker is for use by health care professionals to encourage their patients to get the flu shot. To help promote awareness, it can also be given to those who have received their shots.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

"I got my Flu Shot!", *American Lung Association of Minnesota, 1997.*

This 1½" round, three-color sticker is a popular give-away and a great marketing tool. The sticker is available in two versions—one for worksites and the other for the general public.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, e-mail: mdrake@alamn.org. Please indicate worksite or general public version. Cost: Contact for 1999 pricing.

Immunization in Long Term Care Focusing on Influenza and Pneumococcal Vaccinations, *American Medical Directors Association, August 1998.*

This kit is a compilation of immunization information focusing on influenza and pneumococcal vaccinations as it pertains to the long term care patient and the caregiver. Included in the kit are journal articles, recommendations from the Centers for Disease Control and Prevention and the National Coalition for Adult Immunization, sample policy and procedures, and patient and caregiver handouts. Originally produced for medical directors, this information is useful on many levels.

Ordering Information: American Medical Directors Association, 10480 Little Patuxent Parkway, Suite 760, Columbia, MD 21044, (410) 740-9743, fax (410) 740-4572. Use order code IMMUN. Cost: Members: \$25. Non-members: \$30.

Influenza Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, Annual.*

This information sheet discusses the influenza vaccine, those who should be immunized, and timing of the immunization.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5325. Limited quantities available. Cost: Free.

Influenza Vaccine, *Wyeth-Ayerst Laboratories, July 1995.*

This influenza vaccine patient consent form addresses the disease and what to know before vaccination. Comes in pads of 50.

Ordering Information: Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code FLU:51. Cost: Free.

Influenza Vaccine: What You Need to Know before You or Your Child Gets the Vaccine, *Centers for Disease Control and Prevention with significant adaptations by the Minnesota Department of Health, 1996.*

These CDC information statements are updated annually to provide patients with information about influenza disease and the vaccine to be given for the upcoming influenza season, including its contraindications and side effects. The Minnesota Department of Health annually reformats the CDC version into one with a larger font for improved readability for older persons. Also available in Amharic, Hmong, Khmre, Laotian, Nuer, Russian, Serbo-Croatian, Somali, Spanish, and Vietnamese.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single camera-ready copy may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Prevention and Treatment of Influenza in the Elderly, *The American Geriatrics Society, 1996.*

This position statement by the American Geriatrics Society strongly recommends greater prevention and treatment efforts against influenza in the elderly. There is overwhelming clinical evidence that therapy aimed at prevention and control is effective. Although influenza vaccination and prophylaxis or treatment with amantadine or rimantadine are not 100 percent effective or totally without risk, the risk/benefit ratio is substantially positive.

Ordering Information: The American Geriatrics Society, 770 Lexington Avenue, Suite 300, New York, NY 10021, (212) 308-1414, fax (212) 832-8646. Cost: Free.

Shoo the Flu Payroll Stuffer, *American Lung Association of South Dakota, Fall 1996.*

This payroll stuffer is a great reminder for employees about getting an annual flu shot. It fits into a #10 envelope and can also be used on meal trays at nutrition sites, hospitals, etc.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

Table Tent, *American Lung Association of South Dakota, August 1997.*

This table tent can be used to promote flu vaccination - for restaurants, hospital trays, and nutrition sites.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Suite 1, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 336-7227, e-mail: amerlungsd@aol.com. Cost: Call for 1998 pricing.

Top Ten Reasons to get a Flu Shot, *American Lung Association of Minnesota and Blue Cross Blue Shield of Minnesota, July 1996.*

This colorful table tent parodies David Letterman's Top Ten List using reasons to get an annual influenza vaccination. It also indicates the best time to get a flu shot.

Ordering Information: American Lung Association of Minnesota, 490 Concordia Avenue, St. Paul, MN 55103, (651) 227-8014, fax (651) 227-5459, email: mdrake@alamn.org. Cost: \$.30 each plus shipping and handling. Orders under \$10 must be prepaid.

MEASLES, MUMPS, AND RUBELLA

BOOKS

Measles Eradication Field Guide, *Pan American Health Organization, December 1998.*

This publication outlines PAHO's vaccination strategy for outbreak prevention and measles eradication. Covering such topics as its epidemiology, clinical aspects, and laboratory confirmation, this field guide is an essential tool for anyone involved in administering or carrying out vaccination programs. Also available in Spanish.

Ordering Information: PAHO Sales and Distribution Center, P.O. Box 27, Annapolis Junction, MD 20701-0027, (301) 617-7806, fax (301) 206-9789, email: paho@pmds.com. Use order code TP41 for English and CT41 for Spanish. Cost: \$14.00.

BROCHURES AND PAMPHLETS

Kindergarten to college...your children may need a second measles vaccination, *Merck Vaccine Division, 1994.*

This brochure describes the measles disease, when to be vaccinated, risk for getting measles, side effects of the vaccine, and benefits of vaccination. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

REPORTS

Measles Prevention: Recommendations of the Immunization Practices Advisory Committee, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 38 (S-9), 1989.*

The recommendations include a basic change in the routine childhood vaccination schedule from a one-dose to a two-dose schedule using combined measles-mumps-rubella (MMR) vaccine. Routine revaccination will generally be implemented one age group at a time starting with school enterers. New recommendations are also included for vaccination of preschool children at high risk of contracting measles, students in colleges and other institutions of higher education, health care personnel and international travelers, and outbreak control.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-4708. Single copies only. Cost: Free.

Mumps Prevention, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 38, No. 22, 1989.*

This revised Advisory Committee on Immunization Practices recommendation on mumps vaccine updates the 1982 recommendation. Changes include a discussion of the evolving epidemiologic characteristics of mumps, introduction of a cutoff of 1957 as the oldest birth cohort for which mumps vaccination is routinely recommended, and more aggressive outbreak-control measures. Although there are no major changes in vaccination strategy, these revised recommendations place a greater emphasis on vaccinating susceptible adolescents and young adults.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-4710. Single copies only. Cost: Free.

Rubella Prevention, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 39, RR-15, 1990*. These revised Advisory Committee on Immunization Practices recommendations for the prevention of rubella update the previous recommendations to include implementation of a new two-dose schedule for the measles-mumps-rubella (MMR) vaccine. Current information about vaccine effectiveness, duration of immunity, vaccination in pregnancy, and progress in controlling congenital rubella syndrome (CRS) is also included.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-4719. Single copies only. Cost: Free.

MISCELLANEOUS RESOURCES

Help Stop Measles, *Merck Vaccine Division, 1996*.

This button states "Help Stop Measles. Have you been vaccinated?" Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.

MMR Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, 1995*.

This information sheet discusses the MMR vaccine, who should receive it, and when. Also available in Armenian, Cambodian, Chinese, Farsi, Hmong, Japanese, Korean, Laotian, Portuguese, Romanian, Russian, Samoan, Tagalog, and Vietnamese.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5321. Limited quantities available. Cost: Free.

Perinatal Viral and Parasitic Infections, *American College of Obstetricians and Gynecologists, February 1993*.

This eight-page technical bulletin contains sections on varicella, measles, and mumps. Vaccines to prevent measles and mumps are discussed.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Technical Bulletin 177. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

Rubella and Pregnancy, *American College of Obstetricians and Gynecologists, August 1992*.

This seven-page technical bulletin discusses the rubella vaccine, side effects, and the rubella vaccine in relation to pregnancy. It also addresses rubella exposure or suspected infection, diagnosis of recent rubella infection, and recommendations to prevent rubella exposure.

Ordering Information: ACOG Resource Center, 409 12th Street, SW, Washington, DC 20024, (202) 863-2518, fax (202) 484-1595. Use order code ACOG Technical Bulletin 171. For multiple copies contact ACOG Distribution Center, P.O. Box 4500, Kearneysville, WV 25430-4500, (800) 762-2264. Cost: Single copies free. For multiple copies contact ACOG Resource Center for current pricing and availability.

PNEUMOCOCCAL DISEASE

BROCHURES AND PAMPHLETS

About Pneumonia, *Channing L. Bete Co., Inc., July 1996.*

This brochure provides a careful look at how pneumonia impacts the respiratory system, the special risks it poses, how it may develop, and its symptoms. It also explains common types of pneumonia and discusses diagnosis, treatment, and prevention issues.

Ordering Information: Channing L. Bete Co., Inc., 200 State Road, S. Deerfield, MA 01373-0200, (800) 628-7733, fax (800) 499-6464. Use order code T39560A. Cost: Inquire when ordering.

Facts about Pneumonia, *American Lung Association, December 1990.*

This pamphlet presents basic facts and figures about pneumonia. It also includes information about symptoms, treatment, and more.

Ordering Information: Contact your local American Lung Association office. Call (800) 586-4872 to find the nearest location. Use order code #0029C. Cost: Free.

Immunization against Pneumococcal Pneumonia, *Lederle-Praxis Biologicals, July 1993.*

This colorful pocket-sized flyer addresses the most common questions asked about pneumonia, focusing on those most at risk and how they can protect themselves through immunization.

Ordering Information: Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code 7653-3. Cost: Free.

Immunization is Health Protection for Adults, *New Jersey Department of Health and Senior Services, March 1996.*

This brochure presents easy-to-read information on influenza and pneumococcal disease and the vaccines available for older adults to prevent these diseases.

Ordering Information: New Jersey Department of Health and Senior Services, Immunization Program, P.O. Box 369, Trenton, NJ 08625-0369, (609) 588-7512, fax (609) 588-7431. Limited quantities available. Cost: Free.

One Shot, One Lifetime, *South Carolina Coalition for Older Adult Immunization, 1998.*

This easy-to-read brochure stresses the importance of the pneumonia shot to the Medicare population. It answers common questions about the shot, who should receive a shot, and locations where the shot can be obtained.

Ordering Information: Carolina Medical Review, 250 Berryhill Road, Suite 101, Columbia, SC 29210, (800) 922-3089, fax (803) 731-8229. Cost: Free.

Pneumonia, Influenza, Tetanus - Immunizations for Persons Age 65 and Older, *American Lung Association of South Dakota and the Flu Coalition, Fall 1996.*

This easy-to-read brochure explains pneumococcal, influenza, and tetanus vaccines, who should get them, and why.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

Pneumococcal Disease: A Serious Medical Illness, *National Foundation for Infectious Diseases, Fall 1997.*

This brochure provides basic, easy-to-read information about pneumococcal disease, its consequences, and treatment methods. It discusses how the vaccine works and who should receive it.

Ordering Information: National Foundation for Infectious Diseases, 4733 Bethesda Avenue, Suite 750, Bethesda, MD 20814-5228. For single copies, send a 6" x 9" envelope with \$.55 postage. Cost: Single copies free. \$24.00 for box of 500.

Pneumonia? Not Me!, *American Lung Association, January 1994.*

This leaflet targets senior citizens and reminds them about the seriousness of pneumonia, the vaccine, and coverage by Medicare.

Ordering Information: Contact your local American Lung Association office. Call (800) 586-4872 to find the nearest location. Use order code #1326C. Cost: Free.

Protect Yourself against Influenza & Pneumococcal Pneumonia, *State of Wisconsin Department of Health and Social Services, August 1989.*

This colorful fold-out pamphlet about influenza and pneumococcal pneumonia discusses prevention and who should be immunized against these diseases that can lead to serious complications and possibly death.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

FACT SHEETS AND CHARTS

Age Page: Pneumonia Prevention: It's Worth a Shot, *National Institute on Aging, November 1996.*

This fact sheet provides information to older consumers about pneumonia prevention. It answers questions such as: Can pneumonia be prevented? Are there vaccine side effects? Are there sources of additional information?

Ordering Information: Information Center, National Institute on Aging, (800) 222-2225. Cost: Free.

Pneumococcal vaccine: Who needs it, who needs it again?, *Immunization Action Coalition/Hepatitis B Coalition, April 1998.*

This one page Q and A for health professionals summarizes pneumococcal vaccination recommendations and includes a table about revaccination. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, email: admin@immunize.org. Use order code P2015. Cost: Single copies free.

NEWSLETTERS

Pneumonia News, *American Lung Association, Annual.*

This two-page newsletter discusses who should be immunized, why, and when. The newsletter also briefly discusses revaccination, side effects, and adverse reactions.

Ordering Information: Contact your local American Lung Association office. Call (800) 586-4872 to find the nearest location. Use order code #1176C. Cost: Free.

REPORTS

Prevention of Pneumococcal Disease, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 46, No. RR-8, 1997.*

These recommendations update the last statement by the Advisory Committee on Immunization Practices on pneumococcal polysaccharide vaccine, and include new information regarding vaccine efficacy, use in persons with human immunodeficiency virus (HIV) infection and in other groups at increased risk of pneumococcal disease, and guidelines for revaccination.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6628. Single copies only. Cost: Free.

VIDEOTAPES

Medicare Billing Made Easy for Influenza and Pneumococcal Pneumonia Vaccinations, *Health Care Financing Administration, October 1996.*

(22 minutes) This video and accompanying 40-page guide informs health care providers (e.g. physicians), hospitals, public health departments, nursing homes, and others on how to enroll as Medicare providers and bill Medicare for flu and pneumococcal vaccinations using the roster billing method.

Ordering Information: Karen Lewis, Casals and Associates, Crystal Park Three, Suite 814, 2231 Crystal Drive, Arlington, VA 22202, (703) 920-1234, fax (703) 920-5750. Cost: Inquire when ordering.

MISCELLANEOUS RESOURCES

Adult Vaccine Administration Record for Influenza, Pneumococcal, and/or Tetanus-Diphtheria Vaccines, *Minnesota Department of Health, July 1996.*

This one-page form, based on a discontinued version developed by the Centers for Disease Control and Prevention, is intended to be used in conjunction with the vaccine information statements. It provides a space for the vaccine recipient to acknowledge receipt of the information about the disease, the vaccine they are about to receive, and the intended use of the personal identifying information being collected. It also provides space for the clinic to record information about the vaccine (e.g., lot number, manufacturer, etc.) and the patient, including their Medicare number. Also available in Amharic, Hmong, Russian, Serbo-Croatian, Somali, Spanish, and Vietnamese.

Ordering Information: Minnesota Department of Health, Acute Disease Prevention Services, 717 Delaware Street Southeast, P.O. Box 9441, Minneapolis, MN 55440-9441. A single camera-ready copy with reference to "Minnesota Department of Health" changed to "state health department" may be ordered from Bernie Brown, (612) 623-5557, fax (612) 623-5689, e-mail: bernie.brown@health.state.mn.us. Cost: Free.

Immunization in Long Term Care Focusing on Influenza and Pneumococcal Vaccinations, *American Medical Directors Association, August 1998.*

This kit is a compilation of immunization information focusing on influenza and pneumococcal vaccinations as it pertains to the long-term care patient and the caregiver. Included in the kit are journal articles, recommendations from the Centers for Disease Control and Prevention and the National Coalition for Adult Immunization, sample policy and procedures, and patient and caregiver handouts. Originally produced for medical directors, this information is useful on many levels.

Ordering Information: American Medical Directors Association, 10480 Little Patuxent Parkway, Suite 760, Columbia, MD 21044, (410) 740-9743, fax (410) 740-4572. Use order code IMMUN. Cost: Members: \$25. Non-members: \$30.

Important Information about Pneumococcal Disease and Pneumococcal Polysaccharide Vaccine, Wyeth-Ayerst Laboratories, September 1989.

This pneumococcal vaccine patient consent form addresses pneumococcal disease, pneumococcal polysaccharide vaccine, who should receive the vaccine, and possible side effects from the vaccine. Comes in pads of 50.

Ordering Information: Available through your state department of health or Wyeth-Ayerst Laboratories, Professional Services, P.O. Box 8299, Philadelphia, PA 19101, (800) 358-7443. Use order code PNU:1. Cost: Free.

Pneumococcal Vaccine Information Statement, National Immunization Program, Centers for Disease Control and Prevention, 1997.

This information sheet discusses the pneumococcal vaccine, who should receive it, and when.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5432. Limited quantities available. Cost: Free.

TETANUS AND DIPHTHERIA

BROCHURES AND PAMPHLETS

Pneumonia, Influenza, Tetanus - Immunizations for Persons Age 65 and Older, *American Lung Association of South Dakota and the Flu Coalition, Fall 1996.*

This easy-to-read brochure explains pneumococcal, influenza, and tetanus vaccines, who should get them, and why.

Ordering Information: American Lung Association of South Dakota, 1212 W. Elkhorn Street, Sioux Falls, SD 57104-0218, (605) 336-7222, fax (605) 335-7227. Cost: Inquire when ordering.

Tetanus: Are You At Risk?, *State of Wisconsin Department of Health and Social Services, April 1990.*

This colorful brochure explains the causes, symptoms, and treatment of tetanus. It also includes a Td schedule for persons seven years of age and older.

Ordering Information: Wisconsin Division of Health, Bureau of Public Health, Immunization Program, 1400 East Washington Avenue, Madison, WI 53703, (608) 266-7901. Cost: Free.

REPORTS

Diphtheria, Tetanus, and Pertussis: Recommendations for Vaccine Use and Other Preventive Measures, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 40, RR-10, 1991.*

These recommendations include a review of the epidemiology of the three diseases and descriptions of the available immunobiologic preparations with appropriate vaccination schedules. A section on adult vaccination with Td is included.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-4711. Single copies only. Cost: Free.

Neonatal Tetanus Elimination Field Guide, *Pan American Health Organization, 1993.*

This manual emphasizes enhanced surveillance for the identification and monitoring of high-risk areas and the targeting of special immunization of women of childbearing age. Detailed criteria for surveillance, case investigation, and data analysis are given along with vaccination schedules and suggested ways of improving vaccine coverage levels. The manual also provides background information on the epidemiology and clinical features of neonatal tetanus, plus sample forms to be used for surveillance, reporting, and investigation of cases.

Ordering Information: PAHO Sales and Distribution Center, P.O. Box 27, Annapolis Junction, MD 20701-0027, (301) 617-7806, fax (301) 206-9789. Use order code TP35. Cost: \$5.00 plus \$6.00 for shipping and handling.

Td Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, 1995.*

This information sheet discusses the Td vaccine, who should receive it, and when. Also available in Armenian, Cambodian, Chinese, Farsi, Hmong, Japanese, Korean, Laotian, Portuguese, Romanian, Russian, Samoan, Tagalog, and Vietnamese.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5324. Limited quantities available. Cost: Free.

VARICELLA

BROCHURES AND PAMPHLETS

Chickenpox and the New Vaccine: Guidelines for Parents, *American Academy of Pediatrics, February 1996*. This brochure answers questions about chickenpox, who gets it, treatment, possible complications, and the vaccine.

Ordering Information: American Academy of Pediatrics, Division of Publications, 141 Northwest Point Boulevard, P.O. Box 927, Elk Grove Village, IL 60009-0927. Minimum order of 100. Cost: Members: \$24.95 per 100. Non-members: \$29.95 per 100.

Chickenpox Isn't Just an Itchy, Contagious Rash, *Immunization Action Coalition/Hepatitis B Coalition, December 1995*. This simple, easy-to-read brochure explains the importance of the chickenpox vaccine and who should receive it. Also available in Spanish. Camera-ready copy.

Ordering Information: Immunization Action Coalition/Hepatitis B Coalition, 1573 Selby Avenue, Suite 234, St. Paul, MN 55104, (651) 647-9009, fax (651) 647-9131, e-mail: admin@immunize.org. Use order code P4070. Cost: Single copies free.

FACT SHEETS AND CHARTS

Varicella Vaccine Fact Sheet, *American College Health Association, 1995*.

This fact sheet discusses who should and should not receive the vaccine, dosage requirements, side effects, storage requirements, and cost of the vaccine.

Ordering Information: American College Health Association, P.O. Box 28937, Baltimore, MD 21240-8937, (410) 859-1500. Cost: Free.

REPORTS

Prevention of Varicella, *Centers for Disease Control and Prevention, Morbidity and Mortality Weekly Report, Vol. 45, No. RR-11, 1996*.

These recommendations represent the first statement by the Advisory Committee on Immunization Practices (ACIP) on the use of live, attenuated varicella virus vaccine for use in healthy persons 12 months of age or older. The statement updates previous recommendations concerning the use of varicella zoster immune globulin as prophylaxis against varicella.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 00-6591. Single copies only. Cost: Free.

MISCELLANEOUS RESOURCES

Chickenpox Vaccine Information Statement, *National Immunization Program, Centers for Disease Control and Prevention, 1996*.

This information sheet discusses the chickenpox vaccine, who should receive it, and when.

Ordering Information: Information/Distribution Center, National Immunization Program, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, Mailstop E-34, Atlanta, GA 30333. Use order code 99-5329. Limited quantities available. Cost: Free.

Recommendations for the Use of Live Attenuated Varicella Vaccine, *American Academy of Pediatrics, Pediatrics, Vol. 95, No. 5, May 1995.*

This article was published in the May 1995 issue of Pediatrics. The policy statement discusses the recommended protocol for varicella vaccine use in infants and adolescents. Available to health care professionals only.

Ordering Information: Merck Vaccine Resource Center, (800) MERCK44. Cost: Free.
